Proceedings

OF THE

Government of His Highness the Maharaja of Mysore

OCTOBER 1912

BANGALORE:
PRINTED AT THE GOVERNMENT PRESS.
1912

CONFIDENTIAL

CONTENTS FOR OCTOBER 1912.

PART I, IN EXTENSO.

I. REVENUE.

PAGES

SECTION 1—LAND REVENUE.

No. R. 2108-2116—L. R. 379-11-2, dated 14th—

Observing that title-deeds for coffee lands may be granted only to the original grantees of the lands, and not every time the estate changes hands ... 1

No. R. 2098-2107—L. R. 204-12-2, dated 14th—

Directing that, as the use of a single copy of the Barabaluti Register for five classes of hereditary offices, as proposed by the Revenue Commissioner, is inconvenient, instructions be issued to the Deputy Commissioners to use a separate register for each office, as originally ordered 2

No. R. 2178-87—L. R. 448-09-3, dated 18th—

Passing orders on Subject No. 73 of the Proceedings of the Representative Assembly of 1909, regarding the reclassification of tanks as major and minor ... ... 3—4

No. R. 2238-40—L. R. 357-11-3, dated 22nd—

Consolidating the rules prescribed for the disposal of Government unoccupied lands commanded by the Cauvery Reservoir and those that are likely to be submerged by it ... ... 5—6

Camp No. R. 40-5—L. R. 601-11-5, dated 19th—

Recording the report of the Acting Officer in charge of the Agricultural Department regarding the usefulness of lantana and prickly pear as manure and the introduction of a fly to prevent the spread of lantana ... 7

Camp No. R. 46-50—L. R. 601-11-6, dated 19th—

Directing that the rules laying down the concessions to be granted for lands overgrown with lantana or prickly pear taken up for cultivation and for occupied lands be extended to the Kadur, Hassan and Mysore Districts ... 8

No. R. 2358-67—L. R. 571-11-2, dated 30th—

Directing that the Deputy Commissioner or some Assistant Commissioner should be in charge of the District Treasury during the absence of the Treasury Officer on inspection of Taluk Treasuries 9

No. R. 2165-74—L. R. 419-10-4, dated 18th—

Directing that honge leaves and seeds be, as a temporary measure, leased out to one and the same person ... ... 10—11

SECTION 2—LAND SURVEY.

No. R. 2057-97—L. S. 1-12-5, dated 14th—

Recording and communicating to the Heads of Departments and Deputy Commissioners of Districts, the report of the Topographical Survey operations carried out in the Mysore State during the year 1911-12 ... 1

SECTION 3—AGRICULTURE.

No. R. 2256-64—Agri. 10-11-131, dated 26th—

Directing that, as there are no transactions in "Bhusa white" in Mysore, the item may be omitted altogether from the fortnightly statement of wholesale prices ... ...

Camp No. R. 1-2—Agri. 136-11-4, dated 18th—

Recording the opinions of the Revenue Commissioner and of the President of the Dasara Exhibition Committee regarding the opening of an Agricultural and Industrial Museum in the State (Representative Assembly Subject No. 340 of 1911) ... ... 2—3

PAGES

SECTION 4—FORESTS.

No. R. 2041-4—Ft. 53-12-1, dated 10th—
Directing the investigation of a scheme for floating timber down the Kabbani river and the Hulhalli channel ... ... 1—5

Camp No. R. 3-12—Ft 155-09-8, dated 19th—
Directing, with certain modifications, the continuance of the tentative classification of unreserved trees for a further period of three years ... 6—7

Camp No. R. 14-23—Ft. 70-11-4, dated 19th—
Fixing the seigniorage for the removal of charcoal required for iron smelting purposes 8

Camp No. R. 24-26—Ft. 129-10-10, dated 19th—
Extending the concessions granted under the scheme for the settlement of Mahratta kunbi families in the Sagar Taluk to other indigent persons ... 9

No. R. 2280-91—Ft. 195-11-2, dated 26th—
Approving of the modification of the form of the license for the sale of reserved and unreserved trees otherwise than at the forest or sale depots ... 10—11

No. R. 2201-9—Ft. 183-11-1, dated 18th—
Authorising the Amildars to issue licenses for the removal of firewood from lands in Inam villages 12

SECTION 5—REVENUE MISCELLANEOUS.—*Nil.*

II. FINANCIAL.

SECTION 1—GENERAL FINANCE.—*Nil.*

SECTION 2—SEPARATE REVENUE.

No. Fl. C. 137-146—S. R. 230-11-3, dated 17th—
Directing that, pending further orders of Government, the provisions of Section 19 of the Excise Regulation, in so far as they relate to the adoption of coercive measures against owners of trees for recovering tree tax on trees tapped for toddy when the contractor becomes a defaulter, be held abeyance 1

SECTION 3—BANKING.

No. Fl. 2509-20—B. 38-10-2, dated 12th—
Issuing orders regarding the liabilities of the various members of an Agricultural Bank, when it is wound up and the rate of interest recoverable on the amounts due from them, etc. ... ... 1—2

SECTION 4—SALARIES AND ALLOWANCES.

No. C. 156-65—S. & A. 125-12-2, dated 23rd—
Passing orders regarding the grant of travelling allowance to the taluk establishment for all journeys on duty 1

SECTION 5—CIVIL ACCOUNTS.—*Nil.*

SECTION 6—CENSUS.—*Nil.*

III. JUDICIAL AND LEGISLATIVE.

SECTION 1—LEGISLATION.—*Nil.*

SECTION 2—COURTS.—*Nil.*

SECTION 3—PRISONS AND JAILS.—*Nil.*

SECTION 4—REGISTRATION.

No. J. 1042-51—Regis. 19-12-2, dated 5th—
Sanctioning the grant of the charge allowance of Rs. 15 to the Amildars when they are placed in charge of the office of a Deputy Amildar of a Sub-Taluk and attend to the Registration work 1

PAGES

Camp No. J. 4-12—Regis., dated 23rd—

Revising, tentatively for two years, the scale of fees for the Registration of documents of the classes registrable in Book I 2

SECTION 5—POLICE.—*Nil.*

IV. LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.

No. 3075-3115—L. B. 355-10-9, dated 15th—

Revising the schedule appended to the notification of the late Chief Commissioner prescribing rules for the levy of tolls on public roads and bridges in Mysore as shown in the copy appended ... . 1—2

No. C. 176-97—L. B. 224-11-10, dated 28th—

Sanctioning the further retention for six months of the well-boring expert hitherto employed in the Kolar District, with a staff but hereafter to work under the State Geologist, and observes that, as the staff will be available to work anywhere in the State, it will not be necessary at present to appoint operators or mestries to the various districts until sufficient experience has been gained in the matter 3

SECTION 2—MUNICIPAL.—*Nil.*

SECTION 3—MEDICAL.—*Nil.*

SECTION 4—SANITARY.—*Nil.*

SECTION 5—EDUCATION.

No. 2938—Edn. 432-11-17, dated 8th—

Approves of the rules explaining the character and scope of the completed Secondary School Leaving Certificates granted by the Board under Rule IV of the Rules for the grant of these certificates 1

SECTION 6—EXAMINATION.—*Nil.*

V. GENERAL.

SECTION 1—REPORTS.

No. G. 2267-314—G. R. 7-12-4, dated 21st—

Publishing for general information statements showing the disposal in 1911-12 of subjects brought forward at the Representative Assembly of 1911 and previous years ... . 1—15

SECTION 2—PRESS—*Nil.*

SECTION 3—MISCELLANEOUS.

No. G. 1988-2035—G. M. 66-12-23, dated 2nd—

Inviting the attention of Heads of Departments and Deputy Commissioners to Government Notification No. G. 292—G. M. 51-11-1, dated 13th July 1911, with the direction that all officers concerned should insist on applications for appointments or scholarships being presented in the form prescribed therein 1

VI. MILITARY.—*Nil.*

VII. MUZRAI.—*Nil.*

VIII. PUBLIC WORKS.

No. 1273-85—8456-68, dated 12th—

Placing on record the high appreciation of Government of the zeal and care displayed by the officers who contributed to the successful completion of the Marikanave Reservoir ... ... 1—2

PAGES

IX. RAILWAYS.

No. 431-5—Ry. F. 66-11-2, dated 9—15th—

Sanctioning an estimate amounting to Rs. 13,336 for surveying a line of railway from Kolar to Chikballapur *via* Srinivaspur, Chintamani and Sidlaghatta 1

X. GEOLOGICAL.—*Nil.*

XI. GOVERNMENT HOUSES, ETC.

No. 1152-98, dated 31st—

Recording the report of the Australian and country Bred Flock of sheep for the half year ending 31st December 1911 and publishing for general information a brief history on the Progress of Sheep Breeding experiment since 1885 ... ... 1—6

PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 14th October 1912.

READ—

Letter No. 8656, dated the 15th February 1912, from the Revenue Commissioner in Mysore, forwarding for orders a copy of letter No. 257, dated the 26th December 1911, from the Deputy Commissioner of the Kadur District, stating that one Rangiah, Hebbar, was the original proprietor of the Mahalgode Coffee Estate consisting of the marginally noted survey numbers of the Megundi village, Yedahalli Sub-Taluk, that except for one survey number, *viz.*, 47, he had not obtained any title-deed for the estate which was since changed hands, that one Mr. Strickland has, on behalf of the present proprietors, now applied for the grant of a title-deed for the whole estate, that the original title-deed granted for Survey No. 47 is stated by Mr. Strickland to be not forthcoming, nor is a copy available in the office of the Superintendent of Revenue Survey and Settlement and that the terms and conditions under which the estate was originally granted are also not ascertainable, and requesting instructions in the matter, as the grant of a fresh title-deed is not permissible under the existing orders.

Survey No.	Extent A.	g.	Assessment Rs.	a.	p.
17	45	11	67	8	0
56—P. 2	18	0	27	0	0
57—P. 2	130	0	195	0	0

Total	...		425	8	0

No. R. 2108-2116—L. R. 379-11-2, DATED BANGALORE, 14TH OCTOBER 1912.

ORDER THEREON.—The Land Revenue Code does not contemplate the issue of any title-deeds to complete the title to lands held from Government. The object of the grant of title-deeds for coffee lands immediately after their settlement was to record the terms of that settlement, but they will not be of any value, if they merely reproduce the general terms on which coffee estates are held. The estate having changed hands, the grant of a title-deed at this distance of time, necessitates an enquiry into the title of the present applicants, which it is considered inexpedient for Revenue Officers to undertake. The Superintendent of Revenue Survey, who was consulted, is also of the same opinion.

2. Government are, therefore, of opinion that no title-deed need be now granted, as under the standing orders it can be issued only to the original grantees of the lands. If the present proprietors wish for a patta, the Deputy Commissioner may grant it after holding such enquiry as may be necessary under Rule 70 of the Land Revenue Rules.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 14th October 1912.

READ AGAIN—

Para 2 of Government Proceedings No. R. 2003-12—L. R. 212-08-4, dated 20th September 1910, directing that the Barabaluti Register in the newly prescribed form be printed and bound into volumes of convenient size consisting of 300 to 500 pages, that one such volume be made use of in each taluk for each of the five classes of hereditary offices, *viz.*, patel, shanbhog, toti, talari and nirganti and that two copies of the register be maintained one in the Taluk and the other in the District Office.

READ—

Letter No. 1030, dated 26th July 1912, from the Revenue Commissioner in Mysore, stating that out of a total number of 254 bound books of the Barabaluti Register got prepared, 154 books have been supplied to the districts at the rate of 2 for each taluk, one for preservation in the Taluk Office and the other in the District Office, and that if, as directed in the Government Order, one volume has to be made use of for each of the five classes of hereditary offices, a larger number of copies of the register will be required, and suggesting, therefore, the substitution of the words "for all the first five classes" for the words "each of the first five classes" in the order read above and forwarding a copy of the circular issued by him to the Deputy Commissioners in the matter.

No. R. 2098-2107—L. R. 204-12-2, DATED BANGALORE, 14TH OCTOBER 1912.

ORDER THEREON.—Government are of opinion that it will be more convenient to have a separate register for each class of village officers than to use a single register for all the offices, dividing each page into 5 columns and devoting a column for one office, as directed by the Revenue Commissioner. If a single register is used, there will not be sufficient space on each page to record all the changes and it will, therefore, be more economical in the long run to use separate registers for each office. Government are therefore pleased to direct the Revenue Commissioner to withdraw his circular and issue instructions to the Deputy Commissioners to use a separate register for each office as originally ordered. If the number of registers already printed is not sufficient, the Revenue Commissioner is requested to arrange with the Superintendent of the Press for printing the additional copies required. In making entries care should be taken to economise space as much as possible, to enable a record of all future changes in the offices being made, in the registers now opened, for a considerable time to come.

2. The attention of the Revenue Commissioner is also invited to the mistake regarding sub-columns 17 and 18, in the register already printed, which should have come under the heading "Particulars of Inam."

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore (with the Register).
The Deputy Commissioners of Districts.
The Superintendent, Government Printing.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

(1) Subject No. 73 of the Representative Assembly Proceedings of 1909, regarding reclassification of tanks as major and minor and the reply of Government thereto.

SUBJECT No. 73.

Re-classification of tanks under major and minor.

(*a*) Messrs. Suryanarayana Rao, Tumkur Taluk; and Seshadri Iyengar, Tumkur Municipality.

Summary of discussion.—(*a*) The hardships caused to the raiyats in having to do the earthwork of all the minor tanks before their restoration by Government have often been brought to the notice of Government. The raiyats are getting poorer and are unable to meet the cost of earthwork and the tanks get deteriorated. All the tanks paying a revenue of less than Rs. 300 are treated as minor tanks. This classification must have been made some years ago and remains unaltered. Even a tank paying a revenue of Rs. 299-15-0 is treated as a minor tank. If Government cannot undertake the restoration of all minor tanks, whatever revenue they yield, it is solicited that a reclassification be made and that all tanks yielding a revenue of Rs. 100 and upwards may be treated as major tanks and their restoration including earthwork undertaken by Government.

(*b*) Work of Public Works Department agency.

Mr D. Venkataramaiya, Bangalore City Municipality.

(*b*) The existing Public Works Department agency may be utilised for obtaining a definite survey of favourable localities for sinking wells for irrigation, minor projects of irrigation new and old and taking channels from large tanks, where there are no raiyats and to smaller tanks where there are raiyats.

In order to give effect to these proposals, new works of large dimensions may be kept in abeyance for a period of three or four years and the whole energy and skill of the engineering staff may be utilised to bring minor works to a standard of efficiency.

Reply of Government.—Noted.

(2) Letter from the Chief Engineer to the Revenue Commissioner in Mysore, received with memo No. 4107, dated 21st May 1912, from the Chief Engineer of Mysore.

I have the honour to acknowledge the receipt of your letter No. 11215, dated the 3rd April 1912, forwarding for my opinion a file of papers containing the views of the different Deputy Commissioners in the matter of the reclassification of tanks into major and minor suggested in Subject No. 73 of the Proceedings of the Dasara Representative Assembly of 1909.

2. The main point for consideration is whether the existing classification presses heavily upon the raiyats. That this is not the case is clear from the replies received from the Deputy Commissioners, who are all agreed that no change is necessary in the existing line of demarcation between major and minor tanks. Under these circumstances, I am of opinion that no case has been made out for a reclassification of the tanks on the lines indicated by the members of the Representative Assembly.

As remarked by the Deputy Commissioners of the Kolar and Hassan Districts any lowering of the revenue limit for major tanks would lead to the responsibility for the earthwork being thrown on Government in the case of a very large number of tanks and to wholesale neglect of such tanks after restoration. The suggestion for a reclassification has apparently been made from a desire to evade the existing responsibility for earthwork and to get a larger number of tanks transferred to the Public Works Department.

3. As regards the suggestion of the Deputy Commissioners of the Mysore and Chitaldrug Districts for some further concession to raiyats, their attention may be drawn to para XII, clause 3, of Government Order No. R. 5251-61—Agri. 626-03-6, dated the 15th December 1904, which permits of the rules being relaxed to some extent in cases of hardship.

The question raised by the Deputy Commissioner, Shimoga District, has recently been decided by Government, *vide* Government Order No. R. 2150-59—L. R. 433-10-3, dated the 31st October 1911.

4. The file of papers received with your letter under reply is herewith returned.

(3) Letter No. 14163, dated 13th June 1912, from the Revenue Commissioner in Mysore, concurring in the opinion of the Chief Engineer expressed in his letter read above.

(4) Letter No. 2484, dated the 4th September 1912, from the same officer, forwarding, as called for, the reports of the Deputy Commissioners in original.

Land Revenue, dated 18th October 1912.

No. R. 2178-87—L. R. 448-09-3, DATED BANGALORE, 18TH OCTOBER 1912.

ORDER THEREON.—Recorded.

The Representative Members concerned may be informed of the substance of the Chief Engineer's communication.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore, returning the Deputy Commissioners reports.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 19th October 1912.

READ—

(1) Subject No. 222 of the Representative Assembly Proceedings of 1911, in regard to the usefulness of lantana and prickly pear as manure and the framing of a rule for the destruction of lantana and the reply of Government thereto.

(2) The following letter No. 332, dated 7th August 1912, from the Acting Officer in charge of the Agricultural Department reporting on the subject:—

With reference to your letter No. R. 438-39—L. R 601-11-1, dated 23rd July 1912, I beg to state that in the case of lantana we are in a position to recommend that the shrubs may be cut and burnt and the ashes added to the farm yard manure heap or pit. In this way, the shrubs will have been got rid off and the value of manure will have been increased. It is true that in burning, the nitrogen is lost but there are comparatively simple ways of supplying this constituent. The two other plant foods suffer no appreciable loss and are all present in the ash.

2 As regards prickly pear, its manurial value has not been tested here nor anywhere else as far as I can see from the literature on the subject. In some places it seems to have been tried as fodder after burning off the spines with a special burner. In some parts of Mysore I have heard of its being used as a green manure for paddy land but only a very limited extent. Before saying anything definitely, it would be therefore advisable to conduct some experiments in order to determine its manurial value, etc I request that you will kindly inform me if in view of the above explanation a publication of a note as proposed may be delayed until the completion of the experiments on prickly pear.

3. With regard to the fly that is said to deposit its eggs in the seeds of the lantana and thus prevent its spread, it seems to me that the language of Dr. Koch is very guarded and not nearly so enthusiastic as when he is speaking of the parasite on the leaf-hopper of the sugarcane for instance. The present opinion seems to be distinctly against an importation of parasites to combat insect pests, one of the reasons being that it is not at all unusual for a parasite to acquire new habits with a change of a environment. In any case, an introduction of a new parasite could only be made after long and careful research—something for which the present staff is inadequate.

4. I am writing by this mail to the Agricultural Department of Hawaii for full information regarding this fly and their experience

---

CAMP NO. R. 40-5—L. R. 601-11-5, DATED MYSORE, 19TH OCTOBER 1912.

ORDER THEREON.—Recorded.

2. The result of the communication made by the Acting Officer in charge of the Agricultural Department with the Agricultural Department of Hawaii regarding the fly referred to in the letter read above is awaited.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 19th October 1912.

READ—

Subject No. 12 of the Representative Assembly Proceedings of 1911, regarding the introduction of the Lantana Extirpation Act into the State and the reply of Government thereto.

CAMP No. R. 46-50—L. R. 601-11-6, DATED MYSORE, 19TH OCTOBER 1912.

ORDER THEREON.—The question of introducing a Lantana Extirpation Act making it obligatory on pain of certain penalties on all landholders to keep their lands clear of lantana is one which is attended with great practical difficulties. At any rate before resorting to legislation in the matter, Government consider it necessary that a full trial should be given to the Rules contained in Government Order No. R. 3298-322—L. R. 508-09-2, dated 18th November 1910, by extending the scope of its operation to such places as are now badly infested with this plant pest. These rules were tentatively tried in selected hoblis of the taluks of Hunsur and Mulbagal. Government are accordingly pleased to direct that the concession sanctioned in Government Order just mentioned be extended to the Kadur, Hassan and Mysore Districts which are most infested with lantana.

2. The Deputy Commissioners of the above Districts are requested to submit a special report to Government at the end of every official year on the working of these rules in their districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 30th October 1912.

READ—

D. O. letter dated the 8th February 1912, from the Revenue Commissioner in Mysore, forwarding copies of correspondence between him and the Deputy Commissioner of the Shimoga District, in *re* the deputation of an extra officer to the Shimoga District for the charge of the District Treasury, when the Treasury Officer goes out on inspection of Taluk Treasuries in the district.

No. R. 2358-67—L. R. 571-11-2, DATED BANGALORE, 30TH OCTOBER 1912.

ORDER THEREON.—Government are not satisfied that there is any real necessity to depute an extra officer to remain in charge of the District Treasury during the time that the District Treasury Officer is engaged on the inspection of Taluk Treasuries. Instead of taking up the inspection of all the Taluk Treasuries continuously at a stretch, the District Treasury Officer should be instructed to distribute his inspections throughout the year and to so arrange his programme for the purpose as not to necessitate his absence from headquarters for any length of time.

2. During the short periods of the District Treasury Officer's absence from headquarters for the inspection of Taluk Treasuries or other urgent work, the Deputy Commissioner or one of his other Assistant Commissioners should remain in charge of the Treasury. Government do not consider it desirable to place the District Sheristadar in charge of the Treasury for such short periods as proposed by the Deputy Commissioner of Shimoga.

K. R. SRINIVASIENGAR,

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Order No. R. 12374-82—L. R. 38-05-3, dated the 26th March 1906, directing the continuance of the practice of leasing out leaves and seeds of honge trees in Government unoccupied lands separately.

READ—

(1) Subject No. 178 of the Representative Assembly Proceedings of 1910 and the reply of Government thereto :—

Summary of discussion.—If the collection of honge seeds is given out on contract to one and that of the leaves to another, this combination of contracts gives rise to quarrels. Therefore the collection of both these may be given to the same man.

Reply of Government.—Will be considered. The honge seeds will have to be disposed of as an item (bab) separate from the rest of the Amarai.

The inconvenience complained of can be obviated by auctioning the right to collect honge seeds only when the crop is on the tree instead of at the beginning of the year.

(2) Subject No. 171 of the Representative Assembly Proceedings of 1911 and the reply of Government thereto:—

Summary of discussion.—Honge leaves that grow in the district and other forests are sold by public auction along with minor forest produce. The honge leaves are very useful as manure for wet cultivation. It is therefore requested that orders may be issued not to sell them with forest produce.

Mr. D. Hanumantha Rao.—The leaves are sold by the Revenue Department and seeds by the Forest Department with the result that they are sold to different persons which lead to friction.

Reply of Government.—The subject is under consideration. Order will be issued to sell the seeds and leaves together to the same person.

(3) The following letter No. 14339, dated the 18th June 1912, from the Revenue Commissioner in Mysore:—

With reference to correspondence ending with your letter No. R. 7092—L. R. 419-10, dated 22nd May 1912, regarding the grant to one and the same person, of the contracts to collect honge leaves and seeds I have the honor to forward herewith the marginally noted communications received from the Deputy Commissioners of Districts and to state as follows—

1. Letter No. R. C. 305, dated 11th November 1911, from the Deputy Commissioner, Bangalore District.
2. Letter No 5257—432, dated 24th January 1912, Kolar District.
3. Docket No. 138, dated 5th August 1911, Tumkur District.
4. Letter No. 384, dated 2nd November 1911, Mysore District.
5. Letter No. 499—B, dated 30th April 1912, Hassan District.
6. Docket No 542, dated 1st February 1912, Shimoga District.
7. Letter No 456, dated 16th March 1912, Kadur District
8. Letter No 684, dated 28th June 1911, Chitaldrug District.

2. In the Districts of Hassan, Shimoga and Kadur, there is little or no demand for honge leaves and as such the difficulty referred to by Representative Assembly Members does not exist there. The practice of selling the right to collect leaves at Rs. 1-12-0 per 100 trees is being adhered to. As regards the sale of seeds, they are sold along with minor forest produce.

3. The Deputy Commissioners of Kolar, Mysore and Chitaldrug are not in favour of the proposed change and think that the combination of both the contracts in the same individual may prejudice the interests of the agricultural classes, who require the leaves for manure. The Deputy Commissioners of Kolar and Mysore also point out that there is a sufficient interval between the time for collecting the leaves and that for gathering the seeds.

4. The Deputy Commissioners of Bangalore, Tumkur and Hassan are agreeable to the change now proposed. The Deputy Commissioner, Bangalore District, suggests that "the trees whose leaves are to be sold should be distinguished every year from those intended for pods before the 'amarai' sales are conducted so as not to materially affect their fruit-bearing capacity." The Deputy Commissioner, Hassan, states that the right to collect both seeds and leaves may be sold to the patels of the villages concerned for an upset price as in the case of 'hulbanni.' The Deputy Commissioner, Tumkur, says that both the contracts may be given through the Amildar to one and the same person who should be a representative of the agricultural class.

Land Revenue, dated 18th October 1912.

5. The Deputy Commissioner, Chitaldrug, suggests that the right of selling the seeds may be waived (as the revenue derived therefrom is very little) and that the seigniorage on leaves may slightly be enhanced to make up the deficiency in revenue. In my opinion it would be better to lease the collection of the seeds and the leaves to one and the same person. I may also point out that in Government's reply to Dasara Subject No. 171 of 1911, it is stated that orders will be passed to this effect.

(4) Unofficial note No. 4, dated the 30th July 1912, from the Conservator of Forests, stating that as the interests of the leaf collector and those of the pod gatherer clash, and as they might under the existing system injure each other's interests the collection of both the products may with advantage be leased out to one and the same person.

No. R. 2165-74—L. R. 419-10-4, DATED BANGALORE, 18TH OCTOBER 1912.

ORDER THEREON.—There is no doubt that in this matter the interests of the leaf collector and those of the seed gatherer are somewhat antagonistic, and must lead to quarrels. Government therefore accept the Revenue Commissioner's suggestion to lease the two items together to one and the same person, the existing seigniorage on the leaves being slightly enhanced at the discretion of the Deputy Commissioner so as to realise the present revenue from seeds alone. This measure may be tried as an experiment for three years and the result reported upon.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 7507, dated 16th March 1912, from the Conservator of Forests, submitting a precis of the papers on the subject of floating timber by the Kabbani river and Hulhalli channel.

Precis of correspondence re Hulhalli Channel.

Colonel Bowen, the then Chief Engineer of Mysore, in his letter No 2728-9, dated the 11th July 1899, wrote and informed the Executive Engineer, Channels Division, Mysore, that in connection with the extension of the Mysore Railway southwards, it had been proposed that a timber depot at Nanjangud might be established, to which logs from the south-western forests might be floated down the river Kabbani; but that he objected to the proposal as impracticable (1) on account of the Rampur anicut on which large logs could not be passed even in high floods, without danger to the work, 2ndly that the head sluice would have to be rebuilt and the punnaboos replaced by bridges of sufficient width and headway; that, however, as the matter was of importance both to the Mysore Government as well as to the Southern Mahratta Railway and, that as the details of the Hulhalli channel had *not yet been settled*, it might possibly by feasible so to design the head sluice and the accommodation bridges as to admit of rafts of 4 or 5 logs tied together being passed down the channel without difficulty. That a depth of 3 feet of water would be sufficient to admit of such rafts floating down without being stranded; that the bends also would not be too sharp to prevent their being easily turned by the floating logs and further, that the construction of a lock at the anicut to pass timber from the reach above to the reach below would be far too expensive and complicate an arrangement. The Chief Engineer also remarked that in case the scheme was adopted, it would be necessary to widen the channel; that the channel would only be available for six months in the year and perhaps, occasionally during the other six months, provided there was sufficient water in the river to admit of the logs being floated along.

In communicating the above observations, the Executive Engineer was requested to give his opinion in the matter so that the designs for the subsidiary works on the Hulhalli channel might be modified to meet the proposal.

2. A copy of the above was also forwarded by the Chief Engineer to the Inspector-General of Forests for favour of his views on the subject from its commercial and economical aspect.

3. The then Inspector-General of Forests (Mr. L. Ricketts) in his reply No. 1121—217, dated 3rd August 1889, stated that the subject mooted was of the greatest importance not only to the Mysore but also to the Madras Forest Department and the Southern Mahratta Railway that he had no doubt that much firewood would be brought down in the same way as logs. He further suggested that the flow of water in the proposed channel might be so arranged that it would admit of working a saw mill also the extra cost being proportionately debited to the Forest Department.

4. The Executive Engineer, Channels Division, in his No. 173, dated 13th July 1889, reported that he quite agreed with the Chief Engineer in his views that logs cannot be allowed to pass over the anicut and the construction of a lock on an elaborate plan would be too expensive. As regards the floating of rafts down the Hulhalli Channel, he stated there were many objections and difficulties; among these, the difficulty of constructing a head sluice with a vent capable of passing a raft of 4 or 5 logs; the probability of damage to the banks and masonry works all along the channel and the fact that the width of cut through the Doctor's Hill saddle will be, for an irrigation channel, only 10¾ feet wide. If rafts are to be got down the channel at all, they required careful management the whole way from the anicut to Nanjangud about 11 miles. That one of the greatest difficulties would be to prevent the logs going over the anicut.

That if the last difficulty could be guarded against by those in charge a means could be found to float the rafts round the right wing of the anicut a short distance down the channel and then over a *weir* into the river again without much expense and with hardly any risk to the works. The weir would be provided with a shutter from 8 to 10 feet long and 3 to 4 feet deep, capable of being raised and lowered by lifting gear at both ends. It would be necessary to widen the channel (in very hard soil) for a distance of a furlong or two until a suitable site for the weir were found. The rafts would be passed over the weir and shot down a sloping apron into an inlet of a river cut in the bank. The inlet would be made deep enough to keep the rafts off the soil. The wings of the structure would be splayed and the channel leading to the river rivetted.

The cost of this weir would be very trifling compared to any alteration in the details of the Hulhalli channel *which all had been worked out.* That under this arrangement, the head sluice would have to be built, say a quarter of a mile from the site proposed. That by

this means, the channel would be left in tact and the anicut also be preserved if the rafts are piloted in day light. He further said that the widening of the channel would be prohibitory for, the Doctors Hill cut alone would cost about ¾ of a lakh.

In conclusion, it was recommended by the Executive Engineer both on engineering and administrative grounds that the object in view with the proposed depot would be attained without making use of the Hulhalli channel by improving the road and carting the logs from Hulhalli.

5. Subsequently, the Chief Engineer in his docket No. 1102, dated 28th January 1890, forwarded plans and estimates for the construction of a forest weir on the Hulhalli channel for Rs. 7,500, for approval and allotment of necessary funds by the Forest Department.

6. After some correspondence between the Public Works Department and the Forest Department as regards the details of the construction of the weir, the Inspector-General of Forests in his letter No. 1723—152, dated 28th September 1891, requested Government to sanction the estimate for Rs. 12,294 received from the Chief Engineer. This was sanctioned in Government Order No. 2705-7—46, dated 17th May 1892. The above amount was further supplemented by an additional grant of Rs. 3,223 which were required for establishment charges, baling and blasting, etc., the same not having been provided for in the original estimate. *Vide* Government Order No. 17894-6, dated 26th April 1893. In this office No. 648 --83, dated the 28th May 1892, the District Forest Officer, Mysore, was asked to report to what extent the river way was intended to be availed of during that year for the transport of timber and bamboos from Begur and Kakankote forests to Nanjangud and thence to Mysore.

The District Forest Officer in his No. 420, dated 29th December 1892, reported that as the weir as well as the approach were still under construction, it was not possible to take advantage of the weir during the last floating season and so rafting could not be done beyond the anicut as in the year previous. That in all, 8 rafts carrying 118 logs were rafted down the year.

7. The Executive Engineer, Mysore Division, in his No. 59, dated the 21st June 1893, to the address of the Deputy Commissioner, copy of which was forwarded to the Inspector-General of forests, reported that the forest weir on the Hulhalli channel was completed; that four men would have to be employed to work the shutter and that it might be taken charge of.

The necessary establishment consisting of four men on Rs. 6 each was sanctioned in this office No. 117—11, dated 14th July 1893.

8. Mr. Rangaswami Iyengar, the then Deputy Commissioner of Mysore, in his letter No. 184, dated 22nd May 1894, brought to the notice of the Inspector-General of Forests that private parties had also floated down their rafts through the weir and as that as it might endanger the safety of the weir or cause confusion if private parties were allowed to use the weir at will, it was suggested to levy a fee and also to obtain the previous permission from the Forest Department.

The levy of one anna per cubic foot on private timber was sanctioned (*vide* No. 1904—155, dated 6th December 1894).

9. In connection with the floating of timber by private individuals, the District Forest Officer, Mysore, reported in his No. 220, dated 17—19th December 1894, that he had several interviews with the Executive Engineer, Mysore, in order to devise means whereby the damage to the weir by careless use might be minimized. That the Executive Engineer (Mr. Karve) suggested the construction of a wharf or sheltering place like the one shown on the margin of his letter No. 220, dated the 17—19th November 1894.

10. The plan and estimate of the proposed wharf received from the Chief Engineer were forwarded to the District Forest Officer, with a request to study the whole matter in consultation with the Executive Engineer and to report whether blasting could not be avoided (*vide* this office No. 3097—278, dated 25th March 1895).

11. The District Forest Officer reported in his reply No. 531, dated 29th April 1895 that the proposed allocation of the wharf by the Public Works Department was all right, and there was no provision either in that or in the following year's budget to meet the expenditure, and that if the work were to be carried out, a special allotment would have to be made from the savings in the Provincial Forest Budget.

12. The Chief Engineer in his letter No. 6585, dated 11th December 1896, forwarded an estimate together with a copy of " Office note " by Mr. Whitely *re* the wharf and requested the favor of Conservator's opinion as to which alternative proposed therein, he would prefer.

Revenue (Forest), dated 10th October 1912.

In the same letter, the Chief Engineer suggested as a better plan but expensive to have a line of floats or "buoys" moored across the channel, with a strong wire screen or net between each. The floats rising and falling with the river and the net work being a foot or so above water and a couple of feet under water, would effectually bar the passage of timber.

13. The Chief Engineer was asked to give an idea of the cost of a line of floats. Meanwhile, the estimates and Mr. Whitely's memo were forwarded to the District Forest Officer, Mysore, for a report in the matter.

The District Forest Officer in reply No. 13, dated the 24th January 1897, reported that the construction of a wharf did not commend itself to him, but as the estimate B for Rs. 938 answered the purpose better than a wharf, it might be adopted with some modification, *viz.*, to have stone pillars instead of wooden or better still, iron double rails as suggested by the Assistant Chief Engineer.

14 The Conservator of Forests in his letter No. 3758, dated the 10th February 1898, to the Chief Engineer *re* the line of floating or floating or buoys stated that whatever might be determined on by the Superintending Engineer in communication with the District Forest Officer, Mysore, might be expedited as it was necessary to complete the work by the end of March, after which freshes were likely to come down the river. It was also stated and suggested in this that the working of the forest weir was far from satisfactory, that it would be preferable to float logs singly or in pairs down the channel which would only entail some slight alteration and protection of the bridges across.

15. The Superintending Engineer, Western Circle, with his No. 416, dated 18th February 1898, forwarded to the Executive Engineer, Mysore Division, the estimate regarding the preparation of a floating log and requested him to have the work carried out in communication with the District Forest Officer.

16. In forwarding a revised estmate for Rs. 375 for preparing a timber floating log arrangement received through the Superintending Engineer, Western Circle, to the District Forest Officer, with this office No. 1691—446, dated 14th November 1899, it was remarked that the Conservator of Forests (Mr. Pigot) lately visited the spot with the Range Officer, but saw and learned nothing of the "boom" at the time; what he did see was a large number of logs jammed against the head sluice. The District Forest Officer was requested to report who supplied timber (that would not float) for the boom.

17. The Gundlupet Range Officer in his No. 142, dated the 5th December 1899, to the District Forest Officer, Mysore, reported that the floating log arrangement set up by the Public Works Department was a failure. The Public Works Department thought that the sinking of the float was due to the contractor having used green timber. It was ascertained and reported that the wood supplied was perfectly dry forest seasoned teak. On further testing it, it was found out that owing to the faulty design, the float sunk not by any outward pressure but by its own weight.

18. Mr. Pigot brought the above facts to the notice of the Chief Engineer in his letter No. 345—446, dated 3rd February 1900, and declined to countersign the revised estimate.

19. In this Office No. 3142—446, dated the 22nd March 1900, Mr. Pigot approved of Mr. Sreenivasa Rao's conclusions as regards the failure of the Public Works Department boom to be correct, and asked him to prepare a plan and estimate for a floating boom to be set up by the Forest Department.

20. As regards the expenditure incurred on the floats to be defrayed by the Forest Department, Mr. Pigot's letter to the Chief Engineer (No. 3148, dated 22nd March 1900) is very clear.

21. The Chief Engineer in his letter No. 1410, dated 27th March 1900, informed that the cost of question would be submitted to Government for orders. In the meanwhile, he had no objection to the Forest Department constructing a floating boom.

22. The plan and estimate submitted by Mr. Sreenivasa Rao to set up a bamboo raft at a cost of Rs. 46-7-0 as an experimental measure was sanctioned in this office No. 86—446, dated 6th July 1900.

23. The District Forest Officer, Mysore, (the present Conservator of Forests) in his No. 280, dated 5th December 1901, reported that the Executive Engineer has stopped the floating operation, pending the orders of the Superintending Engineer and requested to address him to issue necessary instructions in the matter to the Executive Engineer in Mysore.

24. The Superintending Engineer, and the Chief Engineer were then addressed in the matter by the Conservator of Forests, *vide* letters Nos. 2132 and 2136, dated 10th December 1901, to allow floating operations on the understanding that the Forest Department would defray the cost of any damage that might be caused.

25. The permission asked for was granted (*vide* Superintending Engineer's letter No. 69, dated 8th January 1902).

26. Then the District Forest Officer, Mysore, was asked by the Conservator to issue detailed instructions as to the mooring of the rafts at the head sluice and their subsequent transport through the sluice *via* the channel.

27. The District Forest Officer, Mysore, in his No. 292, dated the 9th October 1902, reported that the revenue authorities raised objections to the lowering of the water level in order to admit of the floating of the logs, on the score that the crops in the lower reach of the channel suffer for want of water.

28. In this connection, the Chief Engineer forwarded the Channels Division Executive Engineer's Inspection Notes on the forest weir and requested the Conservator's opinion as regards the proposals made therein.

29. In this note, the Executive Engineer gives a brief history of the weir (paras 1 and 2). In order to avoid the inconveniences caused to the raiyats and the Forest Department he suggested (1) the construction of a masonry lock immediately above the head sluice on the right bank of the channel so that logs might be taken down from the upper reach through the lock to the channel below the head sluice, (2) the altering of the masonry cart-bridges on the channel so as to allow the free floating of rafts through the vents which will have to be widened. That these works would cost about Rs. 15,000.

30. As an alternative, he suggested the floating down of timber on the Rampur channel instead of on the Hulhalli channel as far as Chikkayan chattram midway between Nanjangud and Kadakola. That a depôt might be formed at the chattram and the logs taken to Kadakola which is only three miles from where they might be transhipped by train to Mysore or Nanjangud. That this arrangement would also cost the same amount, *viz.*, 15,000.

31. He further wanted to ascertain from the Conservator of Forests whether the Forest Department did not want to make use of the weir at all even during the low floods. He is of opinion that the rush of water through the shutter of the weir might be utilized for working a saw mill.

32. The Conservator of Forests after consulting the District Forest Officer addressed the Superintending Engineer that he was in favor of the construction of the lock (masonry) and that after its construction, he had no objection to make over the weir to the Public Works Department.

33. In connection with the masonry lock, a project for Rs. 23,815 was prepared and submitted to Government by the Chief Engineer. This was forwarded by Government to the Conservator of Forests who, in reply, stated that the proposal commended itself to him but in view of the small quantity of timber that is now floated down to Nanjangud and the small amount (about Rs. 2,500 per annum) saved by the use of the channel, he thought that so large an expenditure as Rs. 23,815 was not justifiable and requested that the proposal may remain in abeyance until the demand at Nanjangud increased by the development of the gold mines near Nanjangud and the opening of the Nanjangud-Erode Railway. He further stated that it would be sufficient if floating is permitted after November and till the end of January each year, when the use of the channel for the purpose will not clash with the interests of the raiyats.

Government in their Order No. R. 1597-600—Ft. 124-06-8, dated 27th August 1907, ordered that until the demand for timber at Nanjangud grows sufficiently great to justify the outlay required to adopt the channel for the floatation of timber, the practice of using it for sending the logs be stopped and the Conservator of Forests was requested to make other arrangements for the transport of timber.

No. R. 2041-4—Ft. 53-12-1, dated Bangalore, 10th October 1912.

Order thereon.—Prior to the construction of the Hulhalli-Rampur anicut timber and other forest produce from Kakankote and Begur Forests used to be floated down the Kabbani river and taken to Nanjangud.

2. On the completion of the anicut, the passing of the timber over the dam had to be stopped to prevent damage to the masonry works.

3. As the result of the investigation by the Forest and Public Works Departments, a separate Forest Department weir was constructed in the Hulhalli channel for the floatation of timber far below the anicut. The anticipations formed of this work not having been realized, alternative schemes for improving the work were submitted to Government.

Revenue (Forest), dated 10th October 1912.

4. In the meanwhile, representations were received by Government that the floatation of timber materially interfered with the free flow of water to the prejudice of lands in the lower reaches of the channel. The statistics also showed that the quantity of timber floated down to Nanjangud was not great. In their Order No. R. 1597-600—Ft. 124-06-8, dated 27th August 1907, the Government ordered that until the demand for timber at Nanjangud grew sufficiently great to justify the outlay required, the practice of using the channel for the floatation of timber be stopped and that the Conservator of forests be requested to make other arrangements for the transport of timber.

5. Mr. M. Muthanna, Conservator of Forests, now reports that the demand for timber has greatly increased and that the Forest Department are unable to meet it owing to transport difficulties. He suggests that the subject of constructing a masonry lock proposed by the Chief Engineeer may well be taken up now.

6. A suggestion has also been made that if the proposed work be completed and found to work satisfactorily, the Madras Forest Department may also participate in the scheme for the transport of timber from Wynaad jungles.

7. The Government agree with the Conservator that in view of the large amount of Forest Revenue involved, a scheme for floating down timber should be again investigated by the departments concerned. The Chief Engineer and the Conservator of Forests are requested to draw up in mutual consultation a joint workable scheme for floating timber down the Kabbani river and the Hulhalli channel. The scheme should include a system of fees to be charged to Government of Madras, in case the Madras Forest Department wish to avail themselves of this means of transport.

Subjects Nos. 127, 171 and 173 of the Proceedings of the Representative Assembly of the years 1909, 1910 and 1911, respectively, regarding the exclusion of Banni, Kagli, Bilijala, Gobli, Thadasala Sagade, Gumchi and Dindiga from the Mysore list.

2. Letter No. 2364, dated the 11th September 1911, from the Conservator of Forests in Mysore, reporting in consultation with the Deputy Commissioners of Districts, on the working of the present classification and recommending that, with slight modifications, the existing classification may be confirmed.

3. Correspondence ending with letter No. 9939, dated the 7th June 1912, from the same officer on the subject.

CAMP NO. R. 3-12—FT. 155-09-8, DATED, MYSORE, 19TH OCTOBER 1912.

ORDER THEREON.—The existing tentative classification was first introduced in 1903, and with slight modifications it has been in force for the past nine years, during which it is reported to have worked satisfactorily. After careful consideration of all the representations received on the subject, Government have decided to continue the existing classification for a further period of three years with the following slight modifications. Kagli will, in accordance with the representation made in the Representative Assembly Meetings, be excluded from the classified list of the Mysore District, to enable raiyats to remove it free for their *bona fide* agricultural purposes. Gobli is stated to be rarely found in the District Forests and its exclusion is therefore unnecessary. As Bilijala is used in the manufacture of liquor, it is considered inexpedient to exclude it. Sagade and Gumchi have not been included in the classified list in the Mysore District. As proposed by the Deputy Commissioner of the Kolar District, Channangi and Nowladi will be included in class III of that district. A notification will be issued indicating the above additions and alterations.

The Conservator is requested to report after the expiry of three years in consultation with the Deputy Commissioners of Districts, how the system has worked and whether it may be permanently adopted.

R. 265-08-5, dated the 2nd June 1910, abolishing the mohatarfa tax on iron smelters, and directing the imposition of a fee on charcoal removed for smelting purposes to be fixed and regulated according to the exigencies of the Forest Department and in consultation with the Deputy Commissioners of Districts.

READ—

Letter No. 4133, dated the 16th November 1911, from the Conservator of Forests, proposing to fix the fee at the rate of Re 1 per cart load and one anna per head load of charcoal for the Shimoga District and Rs. 2-8-0 per cart load and annas 2 per head load for the Mysore, Tumkur and Chitaldrug Districts.

2. Summary of discussion on, and the reply of Government to, Subject No. 168 of the Proceedings of the Representative Assembly of 1911, regarding the free grant of the charcoal needed for smelting purposes.

3. Letter No. 8878, dated the 30th April 1912, from the Officiating Conservator of Forests expressing his views on the representation.

CAMP No. R. 14-23—FT. 70-11-4, DATED MYSORE, 19TH OCTOBER 1912.

ORDER THEREON.—It is reported that there are no iron smelting furnaces in Bangalore, Kolar, Hassan and Kadur Districts. Any reduction in the existing rate of fee on charcoal would therefore affect only the other districts. It must also be borne in mind that the consumption of charcoal in iron smelting furnaces must necessarily vary, so that it would be unfair to levy a uniform rate of annual fee. Moreover, in Shimoga, the supply of fuel is plentiful and hence a lower rate of seigniorage may suffice. The case may be different in the other districts where fuel is scarce. The reduction of rate and the consequent larger consumption of fuel may affect directly the interests of the agriculturists, who have first claims on the District Forests.

2. Upon a careful consideration of all the circumstances a free grant as proposed seems to be out of the question and it seems to be expedient to prescribe the following fee as a tentative measure for three years:—

In the Shimoga district, one rupee per cart load of charcoal and one anna per head load of charcoal.

In the other districts, Rs. 1-8-0 per cart load of charcoal and anna one and pies six per head load of charcoal.

3. The Conservator is requested to duly notify the rates and to report upon their effect at the end of three years.

K. R. SRINIVASIENGAR.
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, returning enclosures to his letter.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forest), dated 19th October 1912.

READ—

Subject No. 150 of the Proceedings of the Representative Assembly of 1910, asking for larger concessions in connection with the scheme for the settlement of the Mahratta kunbi families in the kumri tracts.

2. Letter No. 10403, dated the 17th May 1911, from the Conservator of Forests in Mysore, expressing his opinion on the subject.

3. Letter No. 11606, dated the 16th May 1912, from the Revenue Commissioner in Mysore, giving his opinion.

4. Letter No. 13981, dated the 11th June 1912, from the Revenue Commissioner, forwarding the opinion of the Deputy Commissioner, Shimoga District, in the matter.

No. CAMP R. 24-26—FT. 129-10-10, DATED, CAMP MYSORE, THE 19TH OCTOBER 1912.

ORDER THEREON.—In the subject read above it is represented that the period during which the newly settled kunbis are permitted to hold the lands granted to them rent free may be extended from three to five years, that the grant made for the purpose of purchasing seed grains may be increased, and that these and other concessions allowed under the scheme should be extended to others who may be willing to take up lands.

Government have considered the representation in consultation with the Revenue Commissioner, the Conservator of Forests and the Deputy Commissioner of the Shimoga District, and they are pleased to direct that the period during which the land may be held rent free be extended to five years and the concessions granted under the scheme as per Government Order No. 4961-6—Ft. 131-06-6, dated the 17th February 1908, may be extended to other indigent persons who may be willing to take up lands and otherwise participate in the scheme. As regards the representation to increase the grant for seed grains Government consider that it is unnecessary.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forest), dated 18th October 1912.

READ—

The following summary of the discussion on and the reply of Government to Subject No. 175 of the Proceedings of the Representative Assembly of 1911, regarding the authorizing of Amildars to issue licenses for the removal of firewood from Inam villages.

Summary of discussion.—As the rules stand at present, the jodidars who wish to obtain fuel for their own use from their villages, have to wait till they obtain licenses from the District Forest Officer, who does not issue them till the receipt of mahazars of shekdars and others. This is a source of great inconvenience to the jodidars, as it prevents them from obtaining fuel in times of need. The Amildars may, therefore, be empowered to issue such licenses as soon as applications for them are received.

Reply of Government.—Amildars will be empowered to issue the licenses.

No. R. 2201-9—FT. 183-11-1, DATED BANGALORE, 18TH OCTOBER 1912.

ORDER THEREON.—Government are pleased to direct that the license prescribed by the rules for the removal of forest produce from lands in Inam villages shall, in the case of a license for the removal of firewood, be hereafter issued by the Amildar of the Taluk in which the Inam village is situated, instead of by the District Forest Officer, as at present. The Amildar should give prompt intimation to the Forest Range Officer concerned of the issue of such licenses so that he may take needful steps to prevent fellings in the neighbouring District Forests. The license form should be in triplicate, the counterfoil being kept for record, the original handed over to the person applying for the license and the duplicate forwarded immediately after issue, to the Forest Range Officer.

K. R. SRINIVASIENGAR,

READ—

Dasara Representative Assembly Subject No. 192 of 1911, in the matter of the liability of the owner of toddy trees marked for tapping, for the tree tax on default of the contractor to pay the same and the reply of Government thereto

2. Letter No. 8423, dated the 17th April 1912, from the Excise Commissioner in Mysore, reporting on the same.

No. Fl. C. 137-146—S. R. 230-11-3, DATED, CAMP MYSORE, 17TH OCTOBER 1912.

ORDER THEREON.—It is represented that under the existing rules the toddy contractor has to pay the tree tax in respect of trees on private lands marked out for tapping and, when the contractor becomes a defaulter, the owner is held liable and proceeded against for the arrear. This is complained of as a hardship and it is desired that the rule may be modified so that the owner may not be held responsible for the default of the contractor. The Excise Commissioner states that the owner of the trees makes his own arrangement to receive rent on the trees which he permits the contractor to tap, that the signature of the owner is taken on the T. T. application in token of his consent and that the rule, contained in Section 19 of the Excise Regulation, needs no amendment. The Excise Commissioner adds that the proposal, if accepted, might lead to fraud on the part of the owner of the trees and innumerable subterfuges too difficult to bring to book.

The Government have given the matter their best consideration. They are of opinion that the licensee (contractor) must alone be held liable for the tax. In the present case, the question, however, is with reference to the liability of the occupant on default of the license-holder. No doubt, Section 19 of the Regulation makes the owner of the trees liable, but the demand comes upon him suddenly without giving him an opportunity for adopting precautions against failure on the part of the licensee. If the owner of the trees, intended to be tapped, is to be made responsible for the payment of the tree tax in any contingency, Rule 17 (4) of XXI (conditions applicable to toddy licenses) requires to be amended by the insertion after the words "in token of his consent," of the following:—

> "To the trees being tapped and to holding himself liable for the tree tax in case the license-holder fails to pay it."

Similarly, the certificate prescribed in the last column of T. T. No. 4 (application for tree tax licenses) would also require to be amended so as to read as follows:—

> "I hereby certify that.....has been permitted to draw toddy from my trees standing in my number shown in column 6 and I hold myself liable to pay the tree tax in whole or in part in case the said ....fails to pay the same."

By some such arrangement as the above, the occupant will be made to realize his liabilities in the matter and adopt such precautionary safeguards as to him may appear suitable to protect his interests.

The question of amending the rules on the lines above indicated so as to make them conform with Section 19 of the Excise Regulation, and (as an alternative) of amending the section itself will be further considered.

Meantime the Government direct that the provisions of Section 19 of the Excise Regulation, in so far as they relate to adopting coercive measures against the owner of the trees, be held in abeyance until further orders.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 273—Agri. B, dated 10th September 1910, from the Registrar of Co-operative Societies and Inspector of Agricultural Banks, regarding the rate of interest to be collected from the members of the wound up Agricultural Banks.

I have the honor to inform you that the Deputy Commissioner of the Bangalore District and the Sub-Division Officer of Chikballapur in their letters No. R. 471, dated 13th August 1910 and No. 209, dated 10th August 1910, respectively, have inquired as to the rate at which interest from the individual borrowers of the Agricultural Banks ordered to be wound up by Government has to be collected. The rate at which the Government were pleased to advance money to these Banks was uniformly at 4 per cent per annum and in Rule 50 of the Articles of Association prescribed for use by Agricultural Banks in the Proceedings of Government No. 4453-62—Fl. 236, dated 1st November 1895, the maximum rates at which the Banks are to levy interest on the several kinds of loans granted by them to their members are fixed. It has been found by me that after a Bank is ordered to be wound up, individual borrowers of the Bank have chosen to pay only at the Government rate of 4 per cent in express contravention of the higher rates mentioned in their documents. I do not think that it was ever the intention of Government that the defaulters of a Bank should be placed in a better position by allowing their Bank to be wound up and paying a reduced rate of interest than those who punctually discharged their dues and allowed the Bank to continue as a working institution. Such a course would be offering a premium on defaulters and I therefore consider that the members of a Bank, whether working or wound up, are bound to pay both the principal and the interest on it as per stipulation contained in the documents executed by them and that it is not the business of Government officers to go behind the terms of the documents. The concern of Government in these Banks ceases with the recovery of their dues and it should be open to the individual members of a Bank on account of the joint and several responsibility imposed upon them for the advances made by Government to resort to a Civil Court for the adjustment of their liabilities among themselves and as against the Bank. If these views of mine commend themselves to Government, I beg that an order may be passed for the guidance of all officers concerned.

No. FL. 2509-20—B. 38-10-2, DATED BANGALORE, 12TH OCTOBER 1912.

ORDER THEREON.—The letter read above brings to light that there exists some doubt as to the liabilities of the various members of an Agricultural Bank, when it is wound up and especially in regard to the rate of interest recoverable on the amounts due from them. The Government have consulted the Government Advocate on the point and, after giving the subject their consideration, think it necessary that a general order should be issued placing the matter beyond doubt.

(*i*) *Liability of a member to the Government.*—Every person who is a member of an Agricultural Bank is individually liable to make good the amount advanced by Government to the Bank with interest at the rate agreed upon. This liability continues as long as his membership lasts and is entirely independent of the fact of his indebtedness to the Bank or of the terms under which he may have borrowed money from it. The Government can recover the whole or a part of the amount due to them from any one member, but cannot substitute a fresh contract, while the Bank is in existence, nor can the Government collect the debts due to the Bank or give a full and valid discharge to the debtor of his liability to the Bank by receiving a smaller amount from him than is really due by him.

A member from whom Government recovers the whole or part of the amount due to them by the Bank will have the right to compel the Bank or other members thereof to reimburse him. If he himself be indebted to the Bank, he will be entitled to a credit of this amount in settling his accounts with the Bank.

(*ii*) *Duties of members to the Bank.*—The higher rates of interest that may be levied from a member under Article 50 referred to by the Registrar in his letter refer to the liability of each member to the Bank and not to Government, but when, however, Government decide that the loan shall be recovered from the

Financial (Banking), dated 12th October 1912.

members irrespective of their liabilities individually to the Bank, they do so not as succeeding to the interests of the Bank but over its head and under Article 75 of the Articles of Association the Bank should wind itself up voluntarily after observing the necessary formalities in accordance with the provisions of the Companies Regulation. This is essential for the purpose of settling the rights and liabilities of the members of the Bank *inter se* and cannot affect the rights of Government to recover its due according to rules.

2. There is, however, nothing to prevent Government, after the winding up of a Bank, to enter into a fresh contract with individual members stipulating for a higher rate of interest nor does the entering into such fresh contracts absolve the members from their liability to the Bank whether jointly or severally.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. Rev. Depts.

To—The Registrar of Co-operative Societies and Inspector of Agricultural Banks.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.
The Registrar of Joint Stock Companies.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Salaries and Allowances), dated 23rd October 1912.

READ—

Representative Assembly Subject No. 184 of 1911, regarding the grant of the usual batta and mileage, according to the Mysore Service Regulations, to taluk officials when they move out of headquarters within the taluk on duty, such restrictions as may be necessary being placed in regard to the number of officials who should accompany the Amildar when out on duty.

No. C. 156-65—S. & A. 125-12-2, DATED, CAMP MYSORE, 23RD OCTOBER 1912.

ORDER THEREON.—Under Article 561 (*c*) of the Mysore Service Regulations, the taluk establishment when travelling within the limits of their taluks are not entitled to either mileage or halting allowance. They are entitled only to railway fare admissible under the Regulations when travelling on duty by rail within the limits of their taluks.

2. The subject of granting travelling allowance to taluk establishment has been engaging the attention of Government for some time past and the subject was successively discussed in the Representative Assembly held in 1908, 1910 and 1911. The Government replied in 1910 that the representation related to a question of funds and that it would be considered.

3. After carefully considering all aspects of the question, the Government of His Highness the Maharaja have arrived at the conclusion that such travelling allowance, *viz.*, daily allowance or mileage as may be admissible under the rules of the Mysore Service Regulations, applicable to other establishments should be granted to the taluk establishment for all journeys on duty. The number of employees for which such allowance would be admissible in the case of each journey is limited to one gumasta or munshi and one peon. The Mysore Service Regulations, will be amended accordingly.

4. The change will have effect from the first day of Dasara this year, *viz.*, 11th October 1912. There is a provision of Rs. 30,000 in the budget under 2. Land Revenue, taluk establishment, travelling allowance and this may prove sufficient to cover the additional expenditure. If necessary, the Revenue Commissioner will suggest a re-appropriation later on in the year.

J. S. CHAKRAVARTI,
Financial Secretary.

List B.—Statement of subjects of the Representative Assembly *disposed of* in the year 1911-12.

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1911	12	Lantana Extirpation Act	Considers it necessary that a full trial should be given to the rules contained in Government Order of the 18th November 1910, by extending the scope of its operation to such places as are now badly infected with this plant pest, and directs that the concession be extended to the Kadur, Hassan and Mysore Districts, which are most infected with lantana. Camp No. R. 46-50—L. R. 601-11-6, dated 19th October 1912.
	19	Amendment of Court Fees Regulation so as to provide for the recovery of stamp on an amount equal to five times the assessment if the market value of the portion of the survey number to be recovered, exceeds five times the assessment on the entire number.	*Vide* Regulation No. II of 1912, passed on the 8th day of March 1912.
	26	Amendment of the Savings Bank Regulation, exempting certificates granted under the rules of survivorship from payment of Court fee.	The recent amendment of the Savings Bank Act provide for nomination. Government, therefore, consider that no change in the rules in force is called for. No. J 183—Legis. 56-11, dated 19th July 1912.
	43	Hand-writing test for copyists	The copying rules provide for this. No. J. 3483-4—Cts. 277-11-3, dated 25th May 1912.
	44	Batta to witnesses	Suggests that the direction of the Chief Court that the Central Nazir should add the words "Batta in deposit" when he reports the non-service of any process, be embodied in the Rule of Practice. No. J. 969-70—Cts. 268-11-3, dated 28th September 1912.
	46	Issue of processes to witnesses beyond the jurisdiction of the Courts to which they are summoned.	Records the opinion of the Chief Court that in practice it is impossible for a Process Nazir to run short of funds and that enquiries will be instituted if any concrete instance of inconvenience is brought to their notice. No. J. 3378-9—Cts. 280-11-3, dated 15th May 1912.
	47	Filing judicial records	Records the Chief Court's opinion that there is not the slightest foundation for the present complaint as Rule 11 of the new copying rules meets the difficulty. No. J. 3517-8—Cts. 281-11-3, dated 29th May 1912.
	51	Return of certified copies of decrees and judgments	The Chief Court have introduced necessary amendments to Rule of Practice. No. J. 3559-61—Cts. 300-11-2, dated 1st June 1912.

List B—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1911	54	Payment of Court fee. in the case of succession certificates, after the order for the grant of the same	Government see no reason to change their opinion already expressed, *viz.*, that the existing law requires no amendment. No. J. 818-26—Legis. 49-11-3, dated 20th September 1912.
	55	Noting in the decree of Civil Courts the cost of unused stamps.	The Chief Court have issued necessary instructions to cause such information to be furnished promptly whenever a party applies for the same. No. J. 3393-5—Cts. 282-11-3, dated 16th May 1912
	56	Extension of time for the presentation of Civil Court cheques to the treasury for payment.	The period has been extended to seven days as suggested by the members. No. J. 102-4—Cts. 278-11-4, dated 9th July 1912.
	57	Administration of oaths by Chief Ministerial Officers of Civil Courts	Records the opinion of the Chief Court that the present facilities for swearing affidavits are ample. No. J. 3470-2—Cts. 279-11-3, dated 23rd May 1912
	63	Transferring judicial deposits on behalf of minors to the accounts of the State Savings Bank and allowing interest thereon.	Directs that, if in any case judicial deposits belonging to minors, the Court concerned desires that it should be deposited in the Government Savings Bank, the money may be received and the normal interest thereon allowed. No. J. 1232-41—Cts. 260-10. dated 24th October 1911.
	67	Numbering *interim* applications in Civil Courts	Records the opinion of the Chief Court that no change in the present rule is called for. No. J. 3481-2—Cts. 269-11-3, dated 25th May 1912.
	68	Entrusting bailable warrants for execution, to the Dafadars and other higher Police Officers.	Requests the Inspector-General of Police to issue needful instructions for literate constables being entrusted with the execution of warrants, whenever Datadars or higher officers cannot be made available for this duty. No. J. 958-60—Cts. 276-11-4, dated 27th September 1912.
	71	Village officials to be furnished with extracts of documents presented for registration.	Records the opinion of the Inspector-General of Registration that the proposal is impracticable. No. J. 56-7—Regis. 533-11-3, dated 4th July 1912.
	73, 394 (69 of 1910)	Respectable persons to be authorised to pay surprise visits to police lock-ups	Government deem it inexpedient to adopt the proposal as it would lead to unnecessary and irresponsible interference with no corresponding good in the administration of lock-ups. No J 3607-15—Pris. 59-10-3, dated 6th June 1912.
	84	Training to shekdars in agriculture ...	Unnecessary. An Agricultural school will be established at Bangalore. No. R. 6368-409—Agri 128-11-1, dated 6th May 1912.
	85	Office accommodation to shekdars ..	The Revenue Commissioner has been asked to issue instruction to Deputy Commissioners to have *chavadis* constructed in all important villages. No. R. 7424—L. R. 521-11-1, dated 1st June 1912.

List B—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order
1911	116	The land revenue payable by tenants to inamdars to be made the primary charge on the land concerned.	*Vide* Regulation V of 1912 passed on the 25th day of June 1912.
	122	Reduction of assessment on land granted for rubber cultivation.	In future lands for rubber cultivation will be disposed of under the coffee rules. On the existing lands the assessment has been reduced to Rs. 2. R. 1680-91—L. R. 307-11-4, dated 24th September 1912.
	123	Establishment of an Agricultural College at Mysore.	An Agricultural School will be established at Bangalore No. R. 6368-409—Agri. 128-11-1, dated 6th May 1912.
	124	Kannada text-books on Agriculture ...	States that the proposals for starting Agricultural School at Bangalore provide for gradually opening classes in the Vernacular for which text-books in Kannada will be prepared. No. 613-23—Agri. 132-11-3, dated 27th July 1912.
	127	Sale of Margosa seeds, etc., in the Tumkur District as minor forest produce.	Considered that it is not worth while to include these articles among produce to be sold annually, the revenue derived therefrom not being likely to be appreciable. No R. 1892-3—Ft. 131-11-3, dated 2nd October 1912.
	132 (168 of 1904)	Abolishing the tax on *kanas* ...	Directs that, where the *kana* is used for permanent storage of grain and straw or for keeping cattle or for other agricultural purposes each case will have to be dealt with on its merits having regard to the description of the land, the nature of the tenure and the rights, if any, thereon to which it is subject. Ordinarily arable land should be assessed as for cultivation; and where land is allowed to be occupied for *kanas* without its being assessed for cultivation, such tenure should be liable to be determined whenever the land is required for cultivation. No. R. 5196-205—R. M. 31-05-11, dated 23rd March 1912.
	140	Amildars to make payments for maramat works.	Records the Revenue Commissioner's report stating that necessary instructions have been issued in the matter. No. R. 806—L R. 478-11-3, dated 8th August 1912.
	146 (82 of 1909, 126 of 1910)	Revival of joint patta system ...	Government are not in favour of introducing any alterations in the present practice. No. R. 4563-72—L. R. 450-09-3, dated 4th March 1912.
	155	Appointment of a committee to consider the question of Forest denudation.	Records the Forest Conservator's letter stating that the present fellings of trees do not lead to denudation and that on the other hand the annual yield is capable of being increased twenty fold. No. R. 2162-3—Ft. 148-11-3, dated 15th October 1912.

LIST D—*contd.*

Year	Subject No.	Abstract of Representation	Abstract of Government Order

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous), dated 2nd October 1912.

No. G. 1988-2035—G. M. 66-12-23, DATED BANGALORE, 2ND OCTOBER 1912.

ORDER.—The attention of Heads of Departments and Deputy Commissioners of Districts is invited to Government Notification No. G. 292—G. M. 51-11-1, dated the 13th July 1911, published in Part I of the *Mysore Gazette* of the 1st week of every month, prescribing a form in which applications for appointments in the State service should be presented. Government desire that all officers concerned will insist on applications for appointments (or even scholarships) being made in the form prescribed.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 1273-85— 8456-68, DATED BANGALORE, 12TH OCTOBER 1912.

ORDER.—The construction of the Marikanave Reservoir, at present the largest artificial lake in India, was started in 1898 under the direction of Col. D. McNeil Campbell, R. E., then Chief Engineer of Mysore. Mr. C. T. Dalal was appointed Superintending Engineer and entrusted with the execution of the work.

2. The principal features of the project, as at first sanctioned, were—

(1) the construction of a masonry dam 142 feet high above the river bed, and

(2) the excavation of a left bank high level canal 68 miles long to command about 90,000 acres.

The project was estimated to cost Rs. 39 lakhs.

3. Subsequently, at the instance of Col. (then Major) A. J. de Lotbiniere, R. E., Deputy Chief Engineer, the possibility of generating power for industrial purposes by utilising the drop available from the sluice level was discussed and the original proposal of constructing a high level canal was abandoned. In its place, two low level canals, each about 30 miles in length, one on the right and the other on the left bank of the river Vedavati, were designed, to take off from a pick-up weir on the river at Katrikanhalli, five miles below the reservoir dam. The modified project, estimated to cost about Rs. 14·6 lakhs, was sanctioned by the Government of His Highness the Maharaja on the 3rd May 1902.

4. The dam was founded with great care and raised to R. L. 109 above the river bed by Mr. C. T. Dalal who was in direct charge of the work till December 1904. The Marikanave Division was then reduced to a Range, amalgamated with the Chitaldrug Division and placed under Mr. Y. Srinivasa Rao, then Executive Engineer of the latter Division; but Mr. Dalal continued to exercise general supervision as a Superintending Engineer till he retired from the Mysore Service in 1905. The dam was then at R. L. 135, or 7 feet below the sanctioned height. In May 1905, the Division was reconstituted under Mr. H. D. Rice who continued to hold charge of it till July 1910. During his tenure of office, Mr. Rice completed satisfactorily the top seven feet of the dam and the canal works.

5. Mr. T. G. Lakshman Rao, who succeeded Mr. H. D. Rice in July 1910, has, with the assistance of Mr. S. A. Ramaswamy Iyer, worked out a scheme for the introduction of the Block System of irrigation on the lines laid down by the Chief Engineer in a printed note, dated the 11th August 1911. A project for the construction of a high level canal, necessary for the full development of irrigation under the reservoir, has also been prepared by the same officer.

6. The capacity of the Marikanave Reservoir is so large that it has not filled till now and may never fill if water is continually drawn off for irrigation as at present.

The height of the dam, namely, 142 feet, is also a feature of engineering interest.

The project owes its inception to the favorable features of the river gorge at Marikanave which provided an inviting dam site. From the outset, the project was regarded merely as a protective irrigation work.

7. The following is a list of the principal officers who were concerned in the design and construction of the project which was begun under the guidance of the late Sir K. Sheshadri Iyer, formerly Dewan of Mysore:—

Chief Engineers.—The work was designed and commenced under the direction of Col. D. McNeil Campbell, R. E, (1898-1902) and completed under that of Mr. W. McHutchin, M.I.C.E. (1902-1909).

Superintending Engineer.—Mr. C. T. Dalal, L.C.E., (1898-1904) was responsible for the work from foundation till the dam rose to a height of 137 feet. Much credit is due to him for sound and economical construction, for the dam is remarkably water-tight and one of the cheapest in India.

Public Works, dated 12th October 1912.

Executive Engineers.—Mr. H. D. Rice (1905-1910) served as Assistant Engineer for 2½ years, and then succeeded Mr. Dalal as Executive Engineer from the year 1905. He was responsible for the completion of the top seven feet of the dam and the two low level canals, and he compiled a history of the Marikanave project in 1910 for which he has earned the thanks of Government.

	For a period of
Mr. B. P. Raghavalu Naidu, Executive Engineer...	3 years and 7 months.
Assistant and Sub-Assistant Engineers.	
Mr. John Bhore, L.C.E., A.M.I.C.E., now Sanitary Engineer	2 years and 7 months.
Mr. K. Ananthacharya, L.C.E., now Executive Engineer	8 years.
Mr. K. Srinivasa Iyengar, now Officiating Executive Engineer	2 years and 11 months.
Mr. K. P. Seshachar, B.A., B.E., now Assistant Engineer	10 years and 6 months.
Mr. C. Vijiarangam Naidu, L.C.E., now Assistant Engineer	3 years and 5 months.
Mr. S. A. Ramaswami Iyer, B.E., now Assistant Engineer	7 years and 6 months.

8. As the project is now practically completed, Government desire to take this opportunity of placing on record their high appreciation of the zeal and care displayed by the officers, named above, who contributed to the successful completion of this important irrigation work.

M. VISVESVARAYA,
Secy. to Govt., P. W. Dept.

READ—

Correspondence ending with Memo No. 31, dated 31st August 1912, from the Military Secretary to His Highness the Maharaja, submitting for information the Report on the Progress of Breeding the Australian and Country Bred Flock of Sheep, received from the Superintendent, Amrut Mahal Department, for the half year ending 31st December 1911.

ENCLOSURE.

No. 57, dated 5th August 1912, from Mr. H. Nanjundaraj Urs, Superintendent, Amrut Mahal Department, to Lieut.-Col. R. G. Jones, I.A., Military Secretary to His Highness the Maharaja of Mysore.

Adverting to your Memo No. 3518, dated 21st February 1912, forwarding Dewan's order dated 19th idem on the progress of breeding experiments of the Australian and country bred sheep for the half year ending 31st December 1911, I have the honor to submit herewith the marginally noted copies of correspondence and to state that out of 28 sheep given to Bangalore Palace, 15 died of sheep-pox and 13 lambs were born from August 1909 to the end of February 1912. The balance of 26 sheep thus left was sold in February 1912 for Rs. 40 and the sale proceeds were credited to Treasury.

(i) Note on the sheep breeding experiment by the Conservator of Forests in Mysore, forwarded to the General and Revenue Secretary with letter No. 1498—105, dated 24th June 1896.

(ii) Office memo by the Superintendent, Amrut Mahal Department, dated November 1897.

2. During 1908-09 two Merino rams were purchased from Captain Badcock of the Hosur Remount Depot at a cost of Rs. 301, and they were kept at the Hessarghatta Grass Farm, but unfortunately they died of pneumonia within a very short period. In June 1909, 28 ewes were sent to Mattigiri with the approval of Government for being covered by the other Merino ram that was with Captain Badcock. During 1909-10 arrangements were made to purchase the Merino ram and 19 ewes that were with him at a cost of Rs. 250 and these were kept in the Birur Amrut Mahal kaval, whose climate and physical features seemed to resemble that of Mattigiri. The ram after a month suddenly took ill and died of apoplexy. The benefit derived from this ram was that he covered about 40 ewes and the lambs born closely resembled their sire. The wool of the offspring is decidedly superior to the country bred ones, samples of which were exhibited at the last Mysore Dasara and Industrial and Agricultural Exhibition of 1911 and got a prize. Raiyats who own large flocks of sheep are being encouraged to take cross-bred rams free of cost for breeding purposes, so that the condition of their flocks may be improved particularly in point of fleece. Since 1903, 44 rams have been distributed among the raiyats of the Province for breeding purposes and also care is taken to eliminate all the sheep of coarse fleece with the object of improving the breed. Arrangements have also been made with the Manager of Messrs. Binny & Co., to try the fleece of these sheep and give his suggestions with a view to improve the breed as far as possible out of the existing stock. *Vide* Amrut Mahal Department Superintendent's No. 72, dated 16—17th August 1912. In the last official year 123 sheep were sold for Rs. 374-14-0. The expenditure incurred annually is about Rs. 450 and when compared with the income it is not very much, considering the number of rams given to raiyats free of cost to improve their breed. As a rule the raiyats are averse to take the rams of this kind, as they are very small in size when compared with country bred sheep. When explained to them that the rams are not intended for eating but only to improve the wool, then some intelligent raiyats took them to be tried.

Note in re Sheep breeding Experiment in Mysore by the Conservator of Forests in Mysore.

Commencement.—(1) This experiment appears to have been commenced at Bangalore in December 1885, at Yelahanka in March 1889, and at Mysore in November 1888.

Object.—(2) The Objects of the experiment were two-fold, *viz.*, (1) to obtain a flock of fine sheep from local ewes and foreign rams of superior breed and (2) to distribute the cross bred rams thus obtained among local sheep owners for breeding purposes so that the condition of their flocks may thereby be improved particularly in point of fleece.

Measures adopted (Bangalore Farm).—(3) For the above purposes 94 ewes were purchased locally (this number was supplemented later on by 113 more) and a batch of rams whose number is not known imported from Australia at an early stage of the experiment at a cost of Rs. 3,050. What results were achieved with these there are no records in this office to show. But that all the rams imported died in quick succession is evident from the fact that in December 1888, a second batch of sheep comprising seven rams and eight ewes were indented for from Australia at a cost of Rs. 2,380. The object of importing ewes also on this occasion was probably to rear a flock of pure Australian sheep here, in order to avoid the necessity of getting them from Australia in future at a prohibitive cost. The results were not encouraging within four years from their importation: all but one (a ram which still

survives) died leaving only one offspring which is said to have been subsequently sent to Yelahanka for breeding purposes.

This unfortunate circumstance necessitated a third importation from Australia in 1892, when 8 rams were obtained at a cost of Rs. 1,436 and of these only 2 are now living.

This experimental sheep breeding with Australian rams was and is confined to the Bangalore Sheep Farm, where out of 23 Australian sheep imported in all (omitting the number first obtained) only three rams remain at present.

At Yelahanka where a sheep farm was started, not only on account of its good grazing grounds but from the facilities it presented for removing these sheep from the Bangalore Farm, should any contagious disease break out, the experiment of rearing superior sheep of indigenous breeds was conducted by purchasing 57 sheep of the Hosur flock from the Madras Government, the offsprings of which numbering 60 were recently transferred to the Bangalore Farm.

For the farm at Mysore town, 2 rams, 5 ewes and 1 lamb of a cross breed between Merino and China were purchased from General Morgan and also 25 sheep of Mandya, a town in the Mysore District noted for its coarse woollen blankets known as "Dhavali." The progeny of these sheep still exist, numbering 38 in all. The Vice-President of the Mysore Municipality is in immediate charge of this farm.

(4) *Results achieved.*—The farming of a flock of superior sheep has so far succeeded at Bangalore that all the original local ewes have been replaced by cross bred ewes of 2nd and 3rd generations, whose wool, approaching in point of fineness, quantity and colour that of Australian sheep, is far superior to that of indigenous breeds and appears capable of further improvement.

By separating the rams of this cross bred flock from the ewes at from two to three years old as a safeguard against the deterioration of the flock, a sub-flock of fine breeding rams has always been maintained for the use of sheep breeders. Some of these rams have from time to time been sold to large sheep owners about the suburbs of Bangalore and 20 were sent in 1891 to Hyderabad (Deccan) for breeding purposes.

Seeing, however, that none of the village sheep breeders, in whose interests mainly the experiment was undertaken by Government at a great cost, did not go in for ewe breeding rams, a circular was issued by the late Inspector-General of Forests in October 1894, when 22 rams were available, to the Amildars of such taluks in the Province, as are noted either for their sheep rearing or manufacture of woollen stuffs, requesting them to inform all the flock owners in their respective taluks that superior Australian cross bred breeding rams were available at Bangalore either for sale or even gratis under certain conditions, and that intending purchasers could make their own selection personally. But apparently few availed themselves of the privilege.

(5) *Births, deaths, etc.*—The following table shows the number of sheep purchased, born, died and sold during the period of ten years commencing from December 1885 and terminating with December 1895, with reference to Bangalore and Yelahanka sheep farms.

In this connection it has to be stated that as the Bangalore Taluk Amildar was rendering a consolidated account for both farms, whilst in his charge, it has not been found possible to obtain separate details for each.

Years	Number of sheep purchased	Number of sheep born	Number of sheep died	Number of sheep sold	Balance remaining on 31st December	Remarks
1885 December to 1888 December	109	164	78	...	195

Total ...	287	642	688	76	...	

Amrut Mahal, dated 31st October 1912.

The above 165 sheep on 1st January 1896 consisted of 4 Australian rams, 23 cross-bred rams, 107 ewes and 31 lambs.

The number of births and deaths among the above up to 1st June 1896 is given below:—

On hand on 1st January 1896	Births up to end of May	Deaths up to end of May	Sales up to end of May	On hand on 1st June 1896
165	24	49	1	139

The following shows details of births and deaths in connection with the Mysore Town Sheep Farm.

Years	Number of sheep purchased	Number of sheep born	Number of sheep died	Number of sheep sold	Balance on 1st December	Remarks
1888 and 1890 (December) ...	33	33	...	...	66	
1891 ...	...	20	2	9	75	
1892 ...	...	14	22	...	67	
1893 ...	...	15	16	...	66	
1894 ...	...	9	21	...	54	
1895 ...	...	10	8	5	51	
Total ...	33	101	69	14	...	

Out of the 51 sheep that remained on the 1st January 1896, 3 are reported to have since died and 10 to have been sold, leaving 38 on hand on the 1st June 1896.

Expenditure and receipts.—The expenditure and receipts in connection with the Bangalore and Yelahanka Sheep Farms so far as they can be ascertained are given below:—

Year	Expenditure	Receipts
	Rs.	Rs.
1885-1886 to 1889-1890 ...	8,266	78
1890-1891 ...	2,210	164
1891-1892 ...	1,964	282
1892-1893 ...	2,536	469
1893-1894 ...	1,875	126
1894-1895 ...	1,021	52
1895-1896 (up to April 1st, 1896) ...	641	80
Total ...	18,513	1,191

The above expenditure of Rs. 18,513 comprises the following items:—

	Rs.
Purchase of Australian sheep	6,866
Do other sheep	761
Construction and repairs of sheep sheds	1,998
Lease of pasture lands	3,330
Cost of feed and keep	5,558
Total ...	18,513

Proceedings of the Government of His Highness the Maharaja of Mysore,

The receipts are made up of sale proceeds from manure, sheep and wool which cannot unfortunately be separated; manure which is a constant source of income is sold at Rs. 2 per cart-load.

The following exhibits the expenditure and receipts of the Mysore Town Farm :—

1. Bed of Sampige tank.
2. Ricketts Park.
3. Cubbon Park.
4. Residency Compound.

General grazing.—The chief drawback to sheep-rearing at Bangalore is want of proper grazing grounds during the hot season. Formerly the marginally noted pastures were being leased for the Government sheep at Bangalore. Subsequently the bed of Sampige tank and Ricketts Park had to be given up, as the former was used for Polo for the Mysore Silledars, and the latter in which the sheep shed was originally erected utilized for the building of the Meteorological and Geological Institutions. The two grounds now available, Residency Compound and Cubbon Park, contain a coarse kind of grass suited better for cattle than sheep and are almost bare during the hot season. Moreover Mr. Cameron has had a better offer for the Residency Compound from a cattle owner and it is not worth so much or more to us. It has been brought to notice that the bed of Jakrayanakere (tank) near the Maharaja's Cotton Mills contains rich pasture throughout the year and is admirably suited for sheep grazing and that our shepherds have been in the habit of grazing without authority the Government sheep there during the hotest months in the year, which alone saved them from wholesale death by starvation. It would appear advantageous to obtain, if possible, the permanent lease of the tank bed in consultation with the Bangalore Taluk Amildar.

Feeding.—At Yelahanka and Mysore the cost on this account is trivial, the sheep there, except the sickly ones and those in poor condition, are given nothing else than grass and a smaller quantity of soaked horse gram to rams. But at Bangalore the Australian rams have to be fed on wheat bran, Bengal gram (kadalay) and horse gram and green grass supplied from the bazaar.

Control and management.—The experimental sheep farms were started by Mr. Ricketts in his capacity as Director of Statistics and Agriculture. In the early stage of the experiment at Bangalore, Assistant Conservator Mr. Bapu Rao was in immediate charge of the farm. Then it was transferred to the Bangalore Taluk Amildar who continued to hold charge of it till about the middle of 1893. Meanwhile the office of the Director of Statistics was abolished in July 1892 and the work connected with it divided between Mr. Ricketts and the late Mr. Vijendra Rao, that connected with sheep, cattle and pony breeding and agricultural experiments (cotton, hemp, potato and vine) devolving upon the first named officer and this office. The correspondence and accounts connected with this portion of work was entrusted to the khedda clerk of this office, giving him an allowance of Rs. 5 (five) per month for the extra work. This khedda clerk was put also in charge of the Sheep Farm at Bangalore who continued to hold the same till he was relieved by Agricultural Inspector Mariswamiah in November 1894. Srinivasaiya temporarily succeeded Mariswamiah but was relieved by Soundranayagam Konar, who is now in charge of the sheep which have been temporarily shifted to Channapatna, where both the Bangalore and Yelahanka sheep have been amalgamated for the time being.

Amrut Mahal, dated 31st October 1912.

(ii) *Memo on Sheep Farms by the Superintendent of the Amrut Mahal Department, Mysore Government.*

It was usual for the Amrut Mahal Servegars to levy a percentage of sheep and goats from the owners of private flocks that grazed in kavals. This privilege could not be withdrawn without much hardship to the villagers. In their interests and in order to improve the breed of the country it was thought desirable, so far as the sheep was concerned, to continue the practice wherever existed. Allowing goats into the kavals was considered injurious to the growth of trees and it was therefore ordered to be prohibited, though found to be impossible to do so entirely. With the approval of Government (Proceedings No. 9657—1080, dated 9th March 1890), a commencement to breed from the collections of percentages of ewes in certain kavals was made in 1889-90, when the strength of the farm amounted to 56 country ewes and 6 cross-bred Cashmere rams, the latter purchased from the Palace flock at Bangalore at Rs. 5 each. No regular establishment was entertained for the purpose, but the work of the farm was attended to by the cattle attendants. The stock at the end of 1890-91 aggregated to 383 sheep and 150 goats, two of the rams alluded to already died. Sale of old sheep and goats realized Rs. 64-14-0 and manure fetched Rs. 20. The cost of the cattle establishment devoted to this work was computed at Rs. 247-6-1. Fleecing and other contingent charges amounted to Rs. 44-7-6. During 1891-92, 163 sheep and 59 goats were collected. There were 155 births among sheep and 26 goats. These added to the balance on hand at the beginning of the year gave a total of 944, of which 659 were female and 285 male. 156 sheep and 25 goats died. Rs. 453-10-0 were realized by the sale of 24 sheep and 187 goats. Wool brought in Rs. 44-3-6. Eighty-nine carts of manure were sold for Rs. 89. Eight cross bred Australian rams were obtained from Mr. Ricketts at Rs. 8 each. The establishment cost came up to Rs. 438, exclusive of Rs. 76-10-0, fleecing and other contingent charges. The farm in 1892-93 started with 550 head. With collections (186) and births (99) the stock was 835, of which 727 were sheep and 108 goats. 194 sheep and 12 goats died, leaving a balance of 629 on hand at the end of the year. Wool fetched Rs. 53-13-5, manure Rs. 125 and skins Rs. 20. In 1893-94, there were 1,228 sheep and 216 goats including the births of the year (lambs 175 and kids 7). There were 142 casualties; and 89 aged sheep and 91 goats were sold. Deducting these there were 877 female and 141 male sheep and 85 female and 19 goats, giving a total of 1,122. For climatic reasons it was considered undesirable to graze all the sheep in one range, and orders were, therefore, issued during the year for apportioning them to different ranges and for farming six farms, so that the collections made by each Daroga may be managed by him. The 1,122 head on hand was distributed—Tumkur 448, Holalkere 406 and Tiptur 268. The Tumkur and Tiptur farms were crossed by the cross-bred rams and the produce is satisfactory so far as the quality of the wool is concerned. The loss from measles, etc., was somewhat heavy. The following are the particulars of cash receipts: —

	Rs.	a.	p
Sale of sheep and goats	398	14	0
Wool	46	8	8
Manure	165	0	8
Skins	23	1	0
Total ...	633	8	4

Some wool of the half bred sheep (Cashmere rams and country ewes) was considered by the Woollen Mills at Bangalore as very fine and priced at Rs. 7 per 25 lbs. Grey wool was valued at Rs. 2-8-0 and white wool at Rs. 4-8-0 per 25 lbs. This shows that the increase of the half bred sheep will pay handsomely. Including collections (261), births (306) and the balance on hand (1,122) the strength for 1894-95 was 1,689, of which 1,523 were sheep and 166 goats. 210 sheep and 20 goats died during the year, 65 of the former and 32 of the latter were sold. Thus the balance on hand on the 30th June 1895 was 1,248 and 114 respectively. Wool was sold for Rs. 73-8-7 and the sale proceeds of sheep and goats amounted to Rs. 136-7-0. A small quantity of wool compared favourably with the Tibetian wool, and a couple of blankets were made at the Mills as a trial. Particulars for 1895-96 are :—

	Sheep		Goats

		Female.	Male.	Female.	Male.
Deduct—Casualties	... ...	110	50	7	6
Sales	... ...	9	3	0	3
	Balance ...	1,237	363	236	90

Sale of sheep and goats fetched Rs. 18-7-0, wool Rs. 36-15-3 and manure and skin Rs. 50-12-0. The temporary establishment was paid out of contingencies at Rs. 36 per annum per head cooly and Rs. 8 per grazier boy for every 75 head.

Summary.—The cash receipts from the commencement up to and including 1895-96 amounted to Rs. 1,804-9-1, as particularized in the margin, while the expenditure for the same period was Rs. 2,678-6-8 or Rs. 873-13-7 more, against which there is the stock of 1,926 head and the improvement of the breed with facility hereafter for distribution of cross-bred rams among owners of private flocks. In all the six Ranges farms have been established. Strict orders have been issued prohibiting the grazing of goats in kavals. Arrangements are being made for giving rams to villagers. Of the present stock 350 may be considered to be fine cross-bred ewes and 120 rams, of which latter 50 are of better class. Owing to bad seasons and diseases prevailing among village flocks, collections have not been satisfactory. Out of the country wool a few kamblis have lately been made.

SECTION 4—FORESTS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR OCTOBER 1912.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 1885—Ft 160-11-3 ...	2	Consvr. of Forests ...	Recording his letter submitting a report on the inspection of the Shimoga District Forest Office made by him on the 12th March 1912.
2	R 1886—Ft 125-11-3 ...	2	Do ...	Approving of Mumtaz Hussain being confirmed as 2nd grade accountant as proposed by the Conservator of Forests.
3	R 1888—Ft 108-11-4 ...	2	Do ...	Stating that the rates fixed by him for the sale of standing beete wood seem to Government to be fair, and withdrawing the prohibition to sell such wood as standing timber.
4	R 1889-90—Ft 19-11-13	2	Consvr. of Forests and Comptr.	Sanctioning the writing off the accounts the sum of Rs. 93 1-0, outstanding against the Amildar of the Heggaddevankote Taluk, out of a sum of Rs. 177-1-6, advanced to him ten years ago for the collection of minor Forest produce.
5	R 1892-3—Ft 131-11-3 ...	2	Consvr. of Forests and Dy. Comr., Tumkur	Observing that it is not worth while to include Thugare leaves, margosa seeds and Ippe flowers among produce to be sold annually, the revenue derived therefrom not being likely to be appreciable and that matters may therefore be left as they are
6	R 1941—Ft 108-11-5 ...	4	Consvr. of Forests ...	Recording his report on the result of the auction sales of beete wood in the sale Depot of the Shimoga, Mysore, and Kadur Districts.
7	R 1942—Ft 184-11-2 ...	4	Do ...	Granting permission to D. Subba Rao, Game Superviser, to keep a silver tobacco box and Rs. 35 in cash, presented to him by Captain Kelly in connection with his shoot in the Chamrajnagar Game Preserves in April last.
8	R 1943-4—Ft 19-11-13 ...	4	Consvr. of Forests and Comptr.	Sanctioning the writing off the accounts of the sum of Rs. 163-10-0, due by one Salya Sab being the difference between the accounts realized in the first and second sales of teak timber in the Nanjangud depot has become irrecoverable.
9	R 1949—Ft 113-10-6 ...	4	Dy. Comr., Bangalore ..	Recording his explanation with regard to the delay in payment of the bill for Rs. 195, in favor of Hagee Sab of Closepet.
10	R 1972-3—Ft 153-11-3 ...	5	Consvr. of Forests and Dy. Comr., Shimoga	Stating that Government do not consider it necessary to reduce the seigniorage on fuel removed for the purpose of jaggory making from the Gangavanasara State Forest, as the existing concessions are sufficient.
11	R 1982—Ft 36-12-4 ...	7	Consvr. of Forests ...	Recording his letter stating that he has no objection to try K. G. Mudlagiri Gowda, a resigned Forester, in one of the major districts on the occurrence of a vacancy.
12	R 1983-4—Ft 188-11-2 ...	7	Consvr. of Forests and Comptr.	According sanction to the monthly travelling of Rs. 10 allowed to the Forester in charge of the Veeranahorally Sub-Range in the Mysore District, being drawn by Head Guard B. Rama Rao, who was in charge of the

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				Sub-Range during the absence of the permanent Forester on leave.
13	R 1985—Ft 128-11 ...	7	Consvr. of Forest ...	Declining to sanction his recommendation to lease to the proprietor of the Gorahatty Estate, the land on which cooly lines have been unauthorizedly erected in the Chamrajanagar State Forest and directing that the lines be pulled down and the application for the lease of the land refused.
14	R 2005-6—Ft 18-11-4 ...	7	Consvr. of Forests and Dy. Comr., Shimoga	Stating that, as a special case, the timber required by the House builders in the new extension of the Shimoga town may be carted departmentally and made available at the Shimoga Depot at the concession rates plus the collecting charge.
15	R 2008-17—Ft 198-11-2...	8	Consvr. of Forests, Comptr. and Dy. Comrs. of Dts.	Observing that there is no reason to alter the existing rules regarding the recovery of security deposit payable by Forest subordinates.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
16	Pol 292—Ft 177-11-15 ...	9	First Asst. to the Hon'ble the Resident	Requesting that the President of the Forest Research Institute and the college Dhera Dun may be asked to admit Mr. C. Abdul Jafar, Mysore candidate to the Provincial Forest Service Course and that if necessary the Government of India may be kindly moved in the matter.
17	R 2162-3—Ft 148-11-3 ...	15	Consvr. of Forests and Dy. Comr., Kadur	Recording the Conservator's letter stating, with reference to Subject No. 155 of Representative Assembly Proceedings of 1911, *in re* denundation of forests in the Kadur District, that only two trees per square mile are felled and that such fellings do not therefore had to denundation.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
18	R 2139 07 Ft 156-11 3	18	Consvr of Forests and Dy Comrs. of Districts	Directing that Kireachal leaves be allowed to be removed free of payment from District Forests instead of being sold along with minor forest produce.
19	R 2201-9—Ft 183-11-1 ...	18	Consvr of Forests, Dy. Comr, Bangalore, and Dy. Comrs of Districts	Authorizing the Amildars to issue licenses for the removal of firewood from lands in Inam villages.
20	R 13—Ft 155-09 9 ..	19	Compiler, *Mysore Gazette*	Notifying that Kagh or Kachu is excluded from the list of classified trees relating to the Mysore District and that Channangi and Nowladi are included in Class III relating to the Kolar District
21	R 27-36—Ft 150 11-4	19	Rev. Comr, Consvr of Forests, Dy. Comrs, Bangalore and Shimoga, and Dy Comrs of other Districts	Stating that, with reference to Subject No. 167 of the Representative Assembly of 1911, that the present rules allow all reasonable concessions in respect of free grant of building materials to persons whose houses may be destroyed from accidental fires and that the rules require no change.
22	R 2210 11—Ft 41 12-2 ..	22	Consvr of Forests and Comptroller	Sanctioning the continuance of the temporary establishment of the office of the Conservator of Forests for another year

With reference to his enquiry whether Heads of Departments and Officers are permitted to sanction petty repairs to machines in use in their offices, subject to the limits prescribed in Government order No. Fl. 2647-92, dated 9th August 1906, states that the order applies to furniture and not to other things and that no Government order is necessary to validate expenditure incurred in repairing items other than furniture.

Serial No	Proceedings: Number	Proceedings: Date	To whom sent	Subject and Order
6	Fl 2582—36-12-2	15	Conservator of Forests	With reference to his request for an additional grant of Rs. 47,000 under certain budget heads during the current official year so as to admit of the projected works being started immediately, states that Government sanctioned the Forest Budget Estimates for 1912-13, after taking the average of the expenditure of previous years, that it is too soon now to consider the question of additional grant, and that when the grants now made are spent to a great extent and re-appropriation is not possible later on: in the year, application for additional grant may be submitted for the consideration of Government.
7	Fl 2597-8—366-11-2	16	Comptr. and Dy. Comm., Mysore	Sanctions the writing off the accounts of the sum of Rs. 314-2-5 outstanding adjustment in the Comptroller's objection statement, with the observation that the Deputy Commissioner ought to have seen to the prompt disposal of the objection which, if it had been done in this case, would have obviated this reference altogether.
8	Fl 2602	16	Comptroller	Forwards for disposal a petition received from Mr. S. Nanjappa and other merchants praying for the introduction of the system of "supply bills" into the Tiptur Taluk Treasury.
9	Fl 2604—51-12-2	16	Compiler, *Mysore Gazette*	Notifies that under Article 172 of the Mysore Service Regulations, Mr. N. Krishnaswami Rao, B.A., B.L., Assistant Comptroller in charge of the State Huzur Treasury, is granted privilege leave of absence for ten days with effect from the 29th October 1912, with permission to prefix the Dasara holidays to the leave, and that Mr. S. Shamanna, B.A., Assistant Comptroller will be in charge of the State Huzur Treasury during the period in addition to his own duty.
10	Fl 2607—14-12-2	16	Comptroller	Sanctions the following permanent arrangements in the Comptroller's office with effect from 1st July 1912:— 1. Mr. T. Subramiah, *sub pro tem* Examiner in the grade of Rs. 150—10—200 to be permanent Examiner in that grade *vice* Mr. M. A. Sreenivasachar, retired. 2. Mr. A. Balakrishna Mudaliar, *sub pro tem* Examiner *vice* Mr. T. Subramiah to be confirmed in the grade of Rs. 100—10—150. 3. Mr. M. P. Bhima Rao, *sub pro tem* Assistant Examiner in the place of Mr. A. Balakrishna Mudaliar to be confirmed in that grade.

Serial No.	Proceedings: Number	Date	To whom sent	Subject and Order
11	Fl 2622—52-12-2 ...	24	Compiler, *Mysore Gazette*	Notifies the grant of privilege leave of absence for ten days, with effect from 29th October 1912, to Mr. L. Bhistopanth Badami, B.A., Assistant Comptroller, Mr. S. Shamanna, looking after his work during his absence in addition to his own duties.
12	C 172-3—54-12 ...	27	Comptr and Mr. T. Govinda Rao	Sanctions the grant of an advance of three months' pay to Mr. T. Govinda Rao, Private Secretary to the Dewan of Mysore, for purchasing a motor car or cycle subject to the condition that it is repaid in twelve equal monthly instalments.
13	C 201-3—50-12 ...	29	Comptr., Dy. Comr., Kolar, and Secy. for Railways	Directs that interest on Kolar District Board Railway Debenture be allowed to be paid at all the Treasuries in the State other than the State Huzur Treasury provided that the debenture has been duly enfaced for payment thereat and subject to the conditions prescribed generally for payment of interest on Government Promissory Notes at Treasuries in British India.
14	C 204-6—661-11 ...	29	Comptr., Comptr., P.W. and Railway and Secy. for Railways	Sanctions the proposal of the Comptroller, Public Works and Railway Branch, for a reorganisation of the Railway audit section of his office at a cost of from Rs. 566 to 816 with the observation that the additional establishment to be entertained will be on a temporary footing.
15	C 207 ...	29	Compiler, *Mysore Gazette*	Notifies for general information that the annual limit of Rs. 2,000 and the aggregate limit of Rs 5,000 prescribed in Rule IV of the Savings Bank Rules published under Government Notification No. 1510—Gen. Fin. 280-01-38, dated 15th August 1906, be abrogated with effect from the date of publication of this order in the *Mysore Gazette* and that, in future, deposits be received without any limitation as to amount, the rate of interest remaining as heretofore at 3½ per cent per annum.
16	Fl 2661-2—489-11-2 ...	29	Comptr. and Mily. Secy. to H. H. the Maharaja	Directs the substitution of the word "maximum" for "full" in the phrase "full pay of the appointment" referred to in Government Order No. 4081, dated 16th April 1912, sanctioning, among others, the appointment of retired Peshkar Srinivasa Rao as Head Accountant of the Regimental establishment on full pay of the appointment in the grade of Rs. 40—2½—50.
17	Fl 2666—386-10-21 ...	30	Mr. M. K. Krishna Rao, Inamdar, Cheluvamba Agrahar, Mysore	Requests him to put himself in communication with the Deputy Commissioner, Mysore District, for the detailed contingent bill and such other accounts which he may want in view of the fact that the Deputy Commissioner reports that he (petitioner) and Mr. T. Srinivasa Rao, have come to an amicable settlement in respect of the loan accounts and its adjustment and that the latter has agreed to credit Rs. 1,008 in the aggregate towards the loan account of Sannu Rao and others.
18	Fl 2676—43-11-2 ...	30	Comptroller ...	Directs that the annual grant of Rs. 2,000, sanctioned in Government Order of 2nd November 1905, for employing temporary establishment in the Comptroller's office, be continued until further orders and that the limit up to which the Comptroller may make appointments out of the grant be raised from Rs 20 to Rs. 50.

FINANCIAL SECRETARIAT,
Bangalore, 31st October 1912.

J. S. CHAKRAVARTI,
Financial Secretary.

SECTION 2—SEPARATE REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR OCTOBER 1912.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 2379—S R 64-12-2 ...	1	Excise Commissioner ...	Sanctions the issue of two dozen bottles of rectified spirits duty free to the Economic Botanist and Superintendent, Government Museum, for the use of the Museum.
2	Fl 2381-2—S R 67-12-2...	1	Comptr. and Comr. of Stamps	Sanctions a bill for Rs. 12 on account of the cost of 4 dozen screws supplied to the Stamp Manufactory by Messrs. Manickyasami Puther & Sons, Bangalore.
3	Fl 2383-4—S R 42-12-3...	1	Comr. of Stamps and Comptr.	Sanctions a reappropriation statement for Rs 50 on account of provision for the travelling allowances of the establishment of the Stamp Commissioner during the current year.
4	Fl 2385-7—S R 41-09 8...	1	Secy., Insurance Committee, Ex. Comr. and Comptr.	Directs that "1st July 1868" be accepted as the correct date of birth of Excise Sub-Inspector N. A. Michael Pillai, instead of "9th May 1877" with the observation that the explanation of the Sub-Inspector in giving different dates of birth on three different occasions is by no means acceptable, that his negligence in such a matter cannot be passed over, and that the Excise Commissioner should take suitable notice of his conduct to prevent a recurrence of such cases.
5	Fl 2411—S R 155-11-10...	2	Compiler, *Mysore Gazette*	Notifies the cancellation of the 15 days' privilege leave granted to Mr. Mohamed Abdulla Sheriff, District Excise Officer, Chitaldrug, in Notification No. Fl. 67—S. R. 155-11-8, dated 6th July 1912, with the observation that he is considered to have been on duty, but that he is not entitled to any daily halting allowance, during the period.
6	Fl 2414—S R 16-12-7 ...	2	Do ...	Notifies the extension by 17 days of the privilege leave for two months granted to Mr. Mohamed Abdulla Sheriff, District Excise Officer, Chitaldrug, and the continuance of the acting arrangements, ordered in Notification Fl. 389, dated 20th July 1912.
7	Fl 2430—S R 26-12-2 ...	4	Excise Commissioner ...	With reference to the memorial of Mr. J. E. Rozario, District Excise Officer, praying that the increase to his pay sanctioned in Government Order No. Fl. 4497-8, dated 24th April 1912, may be granted with effect from 1st July 1911, instead of the 1st July 1912, states that Government see no reason for a reconsideration of the order.
8	Fl 2434-5—S R 180-09-5...	4	Comptr. and Ex. Comr.	Sanctions a refund bill for Rs. 3,071 and odd on account of grove farm rent due to the Inamdar of Molenhalli, Goribidnur Taluk.
9	Fl 2436-7—S R 57-12-2...	4	Do ...	Sanctions a refund bill for Rs. 1-9-5 on account of one-fifth of the grove farm rent due to the Inamdar of Vaesanthanhalli, Bangalore Taluk, for the years 1894-95 and 1895-96.
10	Fl 2436-9—S R 56-12-2...	4	Do ...	Sanctions a refund bill for Rs. 52-12-10 on account of one-fifth of the grove farm rent due to the Inamdar of Bhattarhalli, Hoskote Taluk, for the years 1894-95 to 1896-97.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
11	Fl 2440-1—S R 55-12-2 ...	4	Ex. Comr., and Comptr.	Sanctions a refund bill for Rs. 429-4-7 on account of one fifth of the grove farm rent due to the Inamdar of Damangundu village, Channapatna Taluk, subject to its adjustment towards the sum of Rs. 5,665 and odd already advanced to the Inamdar.
12	Fl 2442-3—S R 211-10-5. .	1	Do ...	Sanctions refund bills aggregating Rs. 11,624 and odd on account of toddy revenue due to the Inamdars of Bagali and Jannur villages and of Hosur which is a dakhle village of Jannur, Chamrajnagar Taluk, subject to the adjustment of Rs 8,703 and odd already advanced to the Inamdars.
13	Fl 2468-9—S R 72-12-2 .	7	Do ...	Sanctions the transfer from the Tumkur District of Excise Assistant Inspector Annaji Rao, on Rs. 15+10 to the Bangalore Central Distillery to be borne on the Distillery Staff
14	Fl 2484-5—S R 238-11-7...	8	Do ...	Sanctions the continuance of the Excise Training School at Bangalore till the end of June 1913, subject to limitations as regards certain items of expenditure to be incurred.
15	Fl 2490—S R 206-11-6 ...	8	J. Raghupathiachar, late Ex Asst Inspector, residing in Fort, Mysore	In reply to his petition praying for a reconsideration of the order passed by the Excise Commissioner dismissing him from service, informs him that Government see no reason to interfere with it.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
16	Fl 2498—S R 6-12-9 ...	12	Krishna Rao, Inamdar of Muddanerlakere, Maddagiri Taluk	In reply to his petition praying for the grant of an advance of Rs. 500 to him subject to adjustment after his claim to the tree tax on trees tapped outside the Inam village is settled, informs him that his prayer cannot be granted.
17	Fl 2501-2—S R 244-11-2	12	Ex. Comr. and Comptr.	Sanctions the proposal of the Excise Commissioner regarding the redistribution of Excise Ranges in the Mysore and Chitaldrug Districts, with a view to facilitate the work of the department, and the utilisation of the services, of the Probationary Inspectors released by the redistribution for the supervision of the excise shops in the Kannambadi Reservoir area, and the Excise Training School at Bangalore, respectively.
18	Fl 2526—S R 242-11-3 ...	14	M. K. Krishna Rao, and two other Inamdars of Tirumalli village, Hunsur Taluk, residing in Sitavilas Agrahar, Mysore	In reply to their petition praying for the early payment of the toddy revenue to them or for the grant of an advance pending the settlement of their case, informs them that their claim will be decided after the question of revising the rules on the subject is settled and that no advance can be granted.
19	Fl 2584-5—S R 70-12-2 ...	15	Ex. Comr. and Comptr.	Sanctions the retirement of S. Sivaramiah, Excise Assistant Inspector, Sagar Sub-Range, with effect from 20th March 1912, the date on which he attained his 55th year.
20	Fl 2591—S R 46-12-2 ...	16	Comr. of Stamps ...	With reference to the prayer of S. Narasimmiengar, Stamp Vendor, Mysore, for relief in respect of the loss suffered by him by the three pie paper on which forms under the Civil Procedure Code had been printed having become useless on account of the revision of the said Code, states that Government regret that they cannot sanction the concession prayed for, on the ground that there are no rules providing for refund of the value of the papers and that the fact that they have been rendered useless by the acts of the party or by a change of forms under the Code does not give any right to him to be indemnified for the loss.
21	Fl 2592-3—S R 12-12-7 ...	16	Ex. Comr. and Comptr.	Sanctions the proposal of the Excise Commissioner for meeting the travelling allowances of Mr. Viviani, Superintendent of Excise, Civil and Military Station, Bangalore, and of his clerk for journeys performed for verification of ganja out of the advance sanctioned in Government Order No. 4472-8, dated 12th April 1912.
22	Fl 2594—S R 15-12-2 ...	16	Excise Commissioner ...	Records his letter No. 996, dated 19th July 1912, submitting a report on the cultivation of ganja near Goribidnur, Kolar District.
23	Fl 2609-11—S R 132-11-2	16	Ex. Comr., Comptr. and Jahgirdar of Yelandur	Sanctions bills for the quarters ending the 30th September and 31st December 1911 and 31st March 1912 on account of advance of the rent of toddy shops in Yelandur Jahgir, and forwards to the Jahgirdar an audited bill for the quarter ending 30th June 1911.

21	957 ...	9	A. W. Darby, Esq., Mining Engineer to Govt. of Afghanistan	Forwards for transmission to Messrs. John Taylor & Sons, the Dewan's reply to their letter on the subject of the training of some Afghan gentlemen in mining operations on the Kolar Gold Field, and suggests that application for the consent of the Mysore Government in the matter be made by the Afghan Government through the British Representative at the Court of His Majesty the Amir and the Resident in Mysore.
22	958 ...	9	First Asst. to the Hon'ble the Resdt. in Mysore	Communicates the above for the information of the Hon'ble the Resident in Mysore.
23	959 ...	9	Mr. Nabi Sahib, late Corundum Licensee, Hindupur	In reply to his petition to His Highness the Maharaja informs him that the Government see no reason to reconsider the orders already passed in his case in certain matters connected with the license taken out by him to collect corundum in certain parts of the State.
24	960 ...	9	Mr. P. Subba Rao, Inamdar, Valagere village, Nanjangud Taluk	In reply to his petition to the Dewan, informs him that the Government decline to interfere in the orders already passed in the matter of his representations regarding grant of the mining lease over Valagere Block in his inam village of Valagere, Nanjangud Taluk.
25	963 ...	9	Mr. T. Chinnaswami Iyer, Moondoor, Saligram, P.O.	Informs him that he is at liberty to work for and remove asbestos for sale under the terms of his prospecting license No. 350 and with regard to his request for a change in the form of royalty, states that the matter will be considered after work has been in progress for some time.
26	972 ...	9	Conservator of Forests ...	Requests to be informed if any claim for compensation for prospecting operations in forest areas under license No. 136 has been presented if so to whom and whether it has been adjusted.
27	973 ...	9	Secy. to Govt., Gen. and Rev. Depts. ...	Forwards duly endorsed in his favor a cheque for Rs. 453-12-0 received from the Consulting Engineer, New Shimoga Gold Fields, Ld., in payment of compensation claimed by the Forest Department from the late Shimoga Gold Fields, Limited, on account of the opening of a road to Thambadihalli Mines from the main road.
28	991 ...	14	Dy. Comr., Tumkur ...	Calls for a statement showing quantity of ore collected and removed and the amount of royalty paid up to date in respect of the corundum license No. 27 granted to Mr. Katte Venkatramaniah in Koratagere Taluk.
29	993 ...	14	Mr. Syed Abdul Samad, Sidlaghatta	Informs him that in the first instance he will be granted a corundum license in Chintamani Taluk for one year on receipt of the minimum guaranteed royalty of Rs. 25 within a fortnight's time.
30	996 ...	15	Mr. A. Pitchayya Naidu, Mysore	States that there is no objection to his taking in a partner in his business, but that he as licensee has to remain solely responsible for carrying out the terms of the license he is granted.
31	1005 ...	15	Mr. W. W. Coen, Hubli...	Grants him time till end of December 1912, for removing manganese ore collected on his block Nos. 103 and 104 and states that such concession will not debar Government from granting a license over that area should any application be received in the meantime.
32	1013 ...	16	Savitramma, daughter of Mr. Govinda Chetty of Messrs. Govinda Chetty & Co.	Informs her that as license No. 113 was granted to Messrs. Govinda Chetty & Co., and not to Mr. Govinda Chetty personally, the
